

EXTENSION OF THE 2020
SPECIAL GRACE FOR CHEONBO
REGISTRATION
IN THE ERA OF THE
ESTABLISHMENT OF CIG

(To be held between March 26 & May 4, 2023)

What is Special Grace?

- Special Grace is a Holy Wine Ceremony which cleanses CIG citizens from any violation of heavenly laws they have consciously or unconsciously committed in front of Heavenly Parent.

What does Special Grace not cover?

- True Parent's Special Grace does not absolve us from the need to indemnify the violation of a nation's laws or harm or hurt caused to others. Such indemnity must be set and fulfilled by each person.

Who Needs Special Grace?

- Blessed Children who have had a sexual relationship outside of the Blessing (either before or after they received the marriage Blessing).
- 1st generation members who have had a fallen sexual relationship after they have received the Blessing and had their Original sin removed.

Who Can Give Special Grace?

- Only our True Parents can give Special Grace.
- In the beginning, there was no way of redemption for those who fell after having their Original sin removed.
- This caused TP great pain and they found a way to lay the conditions for blessed members to be forgiven again through Special Grace Holy Wine.

Continued-

- It is very difficult for True Mother to fulfill these conditions. It always involves a providential victory on the international level.
- That's why she cannot offer it every year.

We love you so much.
