Dear Brothers and Sisters,

As you may know, True Mother founded the Hoyojeong International Foundation for the Unity of the Sciences (HJIFUS), in 2017 to care for the environment. HJIFUS convenes the International Conference on the Unity of Sciences (ICUS) conferences, and also publishes *The Earth & I* Newsletter/Magazine, which promotes stewardship over the environment, taking a positive approach to taking care of the environment.

Please see their recent newsletter below, and visit *The Earth & I* website, [www.theearthandi.org/](http://www.theearthandi.org/), for more information and to subscribe to their newsletter.

Thank you,
