Dear Brothers and Sisters.

I am participating ACLC group in Korea. We had 12 Discipleship ceremony on Apr 22 and 11 clergies came to Korea and attended opening ceremony in World summit 2023.

They are all excited. next day, Dr. Chung Sik Yong and Pastor Naokimi came to give them messages. We would like to share Korea report when we come back to NJ.

Dr. Yong told me that we need to invite John the Baptist which means one person influence thousands of people like people who came world summit.

This is the reason we will be held Unified leadership summit for peace centered on Ambassadors For Peace on June 3.

Without God we can't solve world issues and creating ever lasting peace as True Mother told leaders in the summit. Let's unite and work together with True Mother and Dr. Yong.

Thank you
