

FFWPU USA, Northeast Region Parent's Online Meeting Tonight at 7 PM

Landon Doroski
October 21, 2024

Dear Parents,

We are excited to invite you to our first Northeast Parents Gathering **tonight at 7PM**. This gathering is an opportunity for all parents to come together and learn how we can support the 3rd National 21-day condition and our collective goal of preparing youth to receive the Cosmic Blessing in 2025 from our beloved True Mother.

However, our goal goes beyond just 2025 – we aim to prepare our youth, both older and younger, for future opportunities to receive the Blessing when they are ready. By building a strong foundation now, we can ensure they are guided and supported at each step of their journey.

It's never too early to start learning about the Blessing process, so you can share it regularly with your children. No matter your child's age, we encourage you to participate in this gathering.

Please register here

If you have children 16 and older, please let us know how many children you have that are 16+ so that we can start praying for them as time flies and children quickly reach the age to receive the Blessing, and so we all need to be present to their current foundational understanding of the value and meaning of the Blessing.

Let's come together as one heart to support our Blessed Families!

Warm regards,
Landon Doroski
Northeast BFM Coordinator
