December 17, 2015

We, the Collegiate Association for the Research of Principles (CARP) America, have the pleasure of inviting you to the “**MOMENTUM 2016: Principles in Action**” Convention held at 4 W43rd Street New York City, from January 6 to 10, 2016.

Our schedule is already packed with fun and fulfilling seminars, discussions, and activities to support the CARP vision of raising future leaders who will make a positive impact in society and the world. In the CARP America model we focus on two main areas of focus for principled leadership: application of unification principles in our personal lives and in leadership. We will offer discussion and reflection on topics like Integrity, Authentic Communication and Relationships, Focusing on our Original Desires, and creating and winning Games in life. We will offer practical and applicable seminars in Teamwork, Personal & Event Organization, Public Speaking, Goal Setting, and Mentoring.

The CARP Convention has two main components:

### **STEP UP (STudent EmPowerment through Unification Principles) [January 6 - 7]**

A newly designed experience where participants get to experience how Unification Principles can make a profound difference in their everyday lives, opening up new possibilities for fulfillment in their passions and on how they want to contribute to the world. STEP UP is open to students, young professionals, and educators. Registration begins at 9AM.

### **Officers’ Leadership Training Intensive [January 8 - 10]**

For those who are inspired about the vision for CARP, whether you are a student wanting to become an officer, or you are a young professional interested in serving as a *Campus Mentor*, this 2-day intensive will give you all of the tools to effectively start, run, or support the growth of a successful chapter as well as host our STEP UP seminar in your area .

#### · Alumni Networking Day [Saturday, January 9]

Young professionals and CARP Alumni are invited to a special 1-day expo where they can network with peers, mentor college students, and even present a breakout session on principled application in their area of expertise.

Registration is available online at the following link:
