

Collegiate Association for the Research of Principles

May 2016 Newsletter

Congrats to all of the recent graduates! Graduation is a time to recognize your achievements, review what lessons you learned, and reflect on *what's next?!*

At CARP, we believe that a principle-centered life moves us to constantly challenge ourselves and to see how we can make a real impact in the world around us. Whether you are a student, graduate/professional, parent, etc., we each have a choice to make:

Are we going to STEP UP to be a person of real value to God, our community, society, and world? Are we going to be people who STEP UP to answer the needs of today?

"Your goals should be about where your talents can have the most impact. So you should think of the world as your stage as you decide what you want to do in life."

[Passage from "As A Peace-Loving Global Citizen"]

Announcements

Happy Father's Day!

We just celebrated Mother's Day in May (did you like our tribute video?) and on June 19th we celebrate Father's Day. Fathers have a distinct and powerful role in the development of children and youth.

We want our young men to grow into strong, responsible, and compassionate adults that contribute to their family, community, nation, and world. We can learn so much through the example and words of our True Father.

"Throwback Thursdays" - Honoring CARP Alumni

The Front Group Jazz-Rock Ensemble

Why we joined CARP
As musicians we have seen how music and other forms of art have been affected by, and in many instances contributed to, the moral decline in our society. Music is a powerful spiritual and emotional force and it can be used for moral constructive as well as destructive purposes.

As members of CARP we have come to realize that we have a moral obligation to use our talent in a constructive way; that is, to promote peace, love and understanding through the music that we create and perform.
