PEACE and PUBLIC LEADERSHIP

HJ International Graduate School for Peace and Public Leadership is pleased to co-host a special program with the Research Institute for the Integration of World Thought (RIIWT). We invite you to register for the presentation on **“Does Switzerland's neutrality have an expiration date?”** to be held on **December 13 at 3 PM EST.**

Neutrality has long been part of Switzerland's image in the world and its history spans half a Millennium. It is an armed neutrality that has allowed Switzerland to remain unscathed during the two World Wars. It is also a reason why many international organizations related to the UN are headquartered in Geneva, the birthplace of the Geneva Conventions and a frequent venue for peace negotiations. But is neutrality still a desirable option in today's political environment? Are there still legitimate grounds to claim that it furthers peace? This has been increasingly challenged, both inside and outside of the country.

**Dr. Thomas Walsh**, President of HJI, will host this event and **Yves Nidegger, Esq.**, former member of Swiss parliament (National Council), will be the presenter. **Dr. Thomas Ward**, Professor of Peace and Development Studies, HJI, will be the respondent and **Dr. Claude Perrottet**, president of RIIWT will moderate the event.

This insightful program will conclude with a Q&A with the audience. We look forward to seeing you at this event!
