HJ International
GRADUATE SCHOOL for
PEACE and PUBLIC LEADERSHIP

HIGHER PURPOSE
FORUM

Equipping
Organizations
to Thrive
Together

HJ International Graduate School for Peace and Public Leadership is pleased to co-host a special program with the Higher Purpose Forum (HPF). We invite you to register for **“Our Future With AI - Part II: Theological Anthropology, Alignment and Eschatology”** to be held on **Wednesday, May 7 at 7 PM ET.**

Artificial intelligence (AI) is already integrated into almost every area of human activity. The exponential advance in the performance of machine learning has repeatedly exceeded expectations. Will the advent of Artificial General Intelligence (AGI) or Artificial Super Intelligence (ASI) usher in a radically new and disruptive epoch in human, or post human history?

- What impact will AGI/ASI have on the traditional understanding of the human being as a unique creation, created in the image and likeness of God, *imago dei*?
- Is it too late to align AI with human values and goals, and with divine providence?
- Can AI be harnessed in such a way as to serve providential objectives of human history, the Kingdom of God?

You will have the opportunity to hear from our speakers **Dr. Thomas Walsh**, HJI President. and **Ms. Bruna Allen**, HJI Class of 2024. **Mr. James Edgerly**, Director of Higher Purpose Forum, will be the host of the event.

We look forward to seeing you there!
