Building Effectiveness in Ministry and Public Leadership

Dear,

We are pleased to announce that the first Virtual Faculty Roundtable event of this new academic year will take place on **Wednesday, September 30** from **5-6 pm EDT**, featuring **Dr. Thomas Ward**, President of UTS and Professor of Peace and Development.

What is the Faculty Roundtable Series?

The Faculty Roundtable Series is dedicated to presenting current academic research conducted by UTS faculty, alumni, and students. Each event will feature a new speaker and topic and include an opportunity for questions and commentary.

Topic Description

On September 30, Dr. Ward invites reflection on the UN Founding Charter's focus on ending the "scourge of war" and the new foci of the Sustainable Development Goals (SDGs). He will comment on the importance of both of these endeavors but argue that the United Nations should not abandon its primary purpose and must remain a place where disputing parties, away from the damaging rhetoric, find a haven to sit together in confidence, sort out differences, and avoid "the scourge of war." Dr. Ward served for many years as an active NGO representative to the UN and has participated in the training of future and current UN diplomats.
