

## **ANNOUNCEMENT -- Exciting Divine Principle Retreats in the Southwest**

Akira Watanabe  
October 15, 2014

Dear Brothers and Sisters,

We would like to share about our upcoming Divine Principle retreats geared towards college-aged young adults who are just starting to study the Divine Principle, and college-aged Blessed Children who are sincerely interested in gaining deeper understanding of the Divine Principle.

We hope to create an environment where all the participants can open their hearts with each other and experience Divine Principle in action. The goals of these retreats are to introduce a God-centered viewpoint/value system, to help young adults take ownership over their spiritual growth, and to have them want to continue to be a part of our "family".

Therefore, the focus is not necessarily to convey a certain amount of the Divine Principle content by the end of the workshop. Rather, we will focus on building authentic relationships, sharing the larger vision of True Parents, and getting excited to take a part in spreading a God-centered culture.

The workshop will be coordinated by CARP Las Vegas with support of the Las Vegas Family Church. The upcoming October workshop will be supported by the Los Angeles Family Church and the Dallas Family Church.
