GPA - First Condition

After the end of the Kickoff Part 2 workshop, Generation Peace Academy set off to go fundraising. They started their 1st condition on September 22nd and this will be a twelve day fundraising period. GPA's group goal for this fundraising condition is "See Through God's Eyes." They are striving to strengthen their original minds by relating and understanding our Heavenly Parent.

GPA was excited to have two GPA alumni, Joseph A. and Chloe W., support the mission by captaining.

Chloe shared a dream from Hanna D. with everyone. Hanna had a dream where True Mother was telling her to keep investing 100% in fundraising because their investments are really helping her. This not only inspired her team, but many other teams to keep fighting for our Heavenly Parent and True Parents.

CIG - Fall Mission Prep

The CIG youth missionaries immersed themselves in the national witnessing campaign, joining in the first wave of 21 days with the Bay Area community! To prepare, they not only received internal guidance on how to witness and the mindset to have, but also disciplined themselves with a strict schedule and a clear standard of what it means to be a missionary.

At Chabot College and California State University, East Bay (CSUEB), they approached many students and invited them to a CARP club meeting. 12 students attend the weekly Chabot club meeting and 9 students attended a Peace Starts With Me (PSWM) meet-up at CSUEB, fully organized and ran by the CIGs. One of their guests also joined the Friday evening PSWM program the following day.

On Saturday, they collaborated with councilman Noel Gallo and the City of Oakland for a trash clean-up project in the Fruitvale neighborhood of Oakland. This was followed by a PSWM seminar at the Bay Area Family Church.

The Mission Kick-off workshop concluded with their pledge ceremony, where the missionaries declared their goals of how they will impact America through the number of people they would like to testify to about True Mother. Now, there are five teams going out to five communities: New Jersey, Georgia, Indiana, Bay Area, and Los Angeles. For the next two months, the teams will be fully engaged and active in supporting their local witnessing efforts.

HUSA - Understanding American History

Hello world we're back! I know you missed us, we missed you guys too.

We got our new and exciting information regarding our mission, and traveled to Arkansas! We've been tasked with the responsibility to help revive the state with our devotion and love for God and his children.

We were welcomed warmly by the pastor of the Arkansas church and chairman of the American Clergy Leadership Conference (ACLC) Rev. John Jackson.

We were also met by Rev. Edgerly, pastor of the Boston Family Church in Massachusetts. He passionately spoke about providence throughout America's history. It informed us about the long pain God had to endure while our forefathers were creating this nation on the backs of slaves, as well as the victory that was accomplished by acknowledging and confronting the pain that was caused to what we now know to be the United States of America.

We further learn that God saved this nation for a specific purpose and reason for us to be the nation in which God could revive the world.

Is this not inspiring? It sure was for us, so keep up! It's only going to be more exciting from here.

This newsletter is for you, if you have a suggestion or something you'd like to see, respond to this email and we'll see what we can do.

Thank you for reading! We'll see you again in next week's newsletter
In the meantime...
