

Generation Peace Academy 3-Day November Workshop in Blanco, Texas

Akira Watanabe
November 20, 2024

After an exciting second condition of fundraising, saying goodbye to our beloved local communities, and a bang of a 3-day mini competition between teams, GPA gathered in Blanco, Texas at the Morgan's Ranch joined with the spirited Heavenly USA group.

The participants continued to learn about the continuous growing process of solidifying their personal lives of faith through guidance shared by staff and internal activities. Reflections and testimonies were shared with not only each other, but also with national leaders and Heavenly Top Gun Missionaries from across the country who paid a visit.

GPA welcomed them warmly with songs of praise, and in return were inspired by the words expressed from the leaders.

As members spread throughout the southern states of America for a 'Winter Breakthrough Fundraising period,' we hope for the participants to explore the opportunity to Transform Themselves and Impact the Whole.
