Inner Renewal of Faith Amid Praise Music and Blessing

Heavenly Asia-Pacific Hyo Jeong CheonBo Great Works were held from March 21 to 22 (HC 2.3-4) at Parnell Headquarters Church in New Zealand.

Presentations from Cheonshim Won branch director Kim Incheon, Continental Director Yutaka Yamada and others gave the event a strong emphasis on internal spiritual growth and spiritual health.

Through the chanyang sessions and the ancestor liberation and Blessing ceremonies, members deeply connected their lives with the reality of the spirit world.
