December 6, 2012

1. Foundation Day is the beginning centering on Cheongpyeong where all blessed families live together as one under God.

The indemnity era has already gone, we need to receive blessing Three times in our lives.

First, When you receive your blessing through your matched.

Second, When you receive the blessing of Kingship

Third, When you receive blessing on the Foundation day.

2. True Father and True Mother are completely one with God.

True Father has concluded, completed and perfected all the Foundations that Adam & Eve should accomplished in history before the fall.

God marry through our True Father and True Mother and all blessed families Should live in God' s kingdom. But as a fallen man, We cannot just directly Go to God, Therefore Fallen Man need the Messiah and cleanse ourselves by Receiving Foundation Day.

The Messiah came to the earth only once.

3. In receiving the foundation day, all blessed wives should wear wedding dress.

There are 3 kinds of Seonghwa:

Birth Seonghwa
Wedding Seonghwa
Death Seonghwa

4. Before attending foundation day, ourselves should be cleansed internally and externally.

And after foundation day, if you fail, there would be no other chance to be forgiven.

To attend foundation day, You need to accomplished the following:

Offering
430 Spiritual Children
430 Fathers' Autobiography

5. There are two kinds of Salvation: Shameful Salvation and Victorious Salvation

Moses has to follow Jacob's Course.
Jesus has to follow Moses Course and
True Father has to follow Jesus Course.
Follow the formula course, Receive fortune and blessing.

Tribal Messiah means inheriting True Father's victorious foundations.

The greatest Blessing is to carry on the mission of Tribal Messiah.

6. If you fulfill your 430 spiritual children you already purify your one generation.

Moses & Jacob fought with the angel, life and death.

You're a representative of Noah, Abraham, Moses and Jesus.

Wherever you go out, you have to convey God & TP's words ~ Giving Life.

DP is not just words but should connect in your daily life.

This is your life. A small thing that you do for God, will remain forever.

7. When Adam, Noah, Abraham, Moses & Jesus make the offering It's not individual offering but cosmos offering.

When True Father make something He thinks the cosmos not himself.

Father give the 8 textbooks.

When Heavenly Father & True Father see Manila which is the 8th IPBF centering on God's point of view He thinks of cosmic.

Even though, people complains but if only one follow and believe God can continue his providence.

Philippines cosmic offering for the Foundation Day is the Blessing. ~ IPBF

God prepared and guided our IPBF.

8. Leaders mindset is very important.

No vision, No result and nothing will happen.

When we unite with God's vision, everything is possible.

God works according to our preparation and mindset.

Every day we need to draw and dream our vision. God is an amazing God.

Vision & Dream is very important as well as your determination.

Positive thoughts brings positive results. Negative thoughts brings negative results.

God is always positive God. You can do it!

Negative thoughts is Satan's thoughts and possessed by him.

9. True Parents idea, is God's idea. And God' idea is True Parents idea.

If you have God's vision and God's dream, this gives you power & determination.

People always complain because they have no clear vision.

Those who have clear vision, always grateful and thankful and have positive thoughts.

Our vision makes us who we are.

There three secrets how to practice our vision:

Think more than anyone.
Plan & prepare more than anyone.
Be active more than anyone.

If you only think a lot, but not active or no action, then it's nothing.

Nothing will happen.

10. We need God's words every day.

Fallen man always have feeling of hatred, jealousy and complain Because they lost the life giving word which is God's words.

Hoondokhae is our heavenly drug. We have to do the check up Regularly through hoon dok in order to overcome our sins.

Classification of Sin:

Original Sin ~ Remove through the blessing Hereditary Sin ~ Remove through liberation of ancestors 1
~210 Generation Collective Sin ~ Remove through Tribal Messiah mission 430 spiritual sin Individual
Sin - Witnessing

10. Messiah is to solve our sin and problems. You can't run away from True Parents and the Divine Principle

Jude 6:7 - Any fallen man who did not keep their own position, Have eternal chain in their heart.

Do not commit sin specially Chapter 2 ~ this is a shameful salvation.

Our blessed families lost their identity, because we do not keep our own position.

Without reading Divine Principle will have a BIG PROBLEM.

11. Anyone who commit sin, always justify and find justification for himself. Therefore, we must be possessed by God's words and study God's words.

We must become busy doing God's will. Work harder by the doing witnessing And mobilization then we can invite Heavenly Father.

Our life on this earth is very short. So it is very important how much we Can relate to God's words and God's heart.

We should have heavenly drugs every day to be healed from any sickness.

Know God's words, we can have always negative thoughts and negative results.

12. Don't worry about your future,

If you keep united to God's will and unite with God's vision, God reveals his secrets to you. God prepared everything for you.

Your mindset is so important, God shows the way to you according To your mindset. Especially at this time True Father is watching.

God is an amazing God.
