Dante Alighieri, escritor fiorentino,
autor de La Divina Comedia 1261-1321

Inferno (Italian for "Hell") is the first part of Dante Alighieri's 14th-century epic poem *Divine Comedy*. It is followed by *Purgatorio* and *Paradiso*.

An allegory telling of the journey of Dante through Hell, guided by the Roman poet Virgil.

Hell is depicted as nine circles of suffering located within the Earth. Allegorically, the *Divine Comedy* represents the journey of the soul towards God, with the *Inferno* describing the recognition and rejection of sin.

*Millions of spiritual Creatures walk the Earth

God is a creator of Law and Order!

Quote SMM 1965: *"We should realize that the World of Spirit is also a Creation of GOD – and God created the Spirit World in his PRINCIPLES*

God is a creator of Law and Order!

Quote SMM 1965: *So this Spirit World is not a mysterious world this is a world of PRINCIPLE the World of Spirit.*

God is a creator of Law and Order!

Quote SMM 1965: *Therefore, if we discover the PRINCIPLE we certainly have the ability to understand and cope with the World of Spirit.*

Meeting in the Dianalund Denmark October 5, 1967.

Sun Myung Moon's work is very special.

He has been given by us forces, so that he not only can receive telepathic, but he is also capable of sending telepathic.

Large parts of humanity, will in the next few weeks receive messages from Sun Myung Moon.

In the way that Sun Myung Moon sends the message telepathically into the room.

I have some explaining how it worked with telepathic messages, and you know that an Englishman can not understand a single word of what Sun Myung Moon send out, if it did not go into a person's consciousness first, and from there was sent out again.

It's something that now take place, which happens very rarely with the spiritual manifestation, that I can safely say.

There are very few people given, to be allowed to send message to all humanity in a galaxy, so that the message can be received anywhere and at any time by another man on the man's language, and with the understanding that the man have been receiving these messages.

1920-53, M. Breen

1924 Korea, Jesus Church:

Then Jesus appeared in her (Kims) prayers and told her that adultery was the root of sin. He also said that his crucifixion had been the result of the mistrust of his own people, that the Second Advent of Christ would occur through another man and that he would appear in Korea.

1924 Korea, Jesus Church:

Mrs Kim began holding services at home, teaching that believers should repent for the death of Jesus as if they had killed him themselves.

She received revelation that men and women should prepare themselves for the coming Lord, that single people should not marry, and that married couples should refrain from sexual relations.

People came to see her from all over Korea, and she taught them to prepare for the coming Messiah.”

1930s in Korea:

His (SMM:s) conversion in the 1930s coincided with a period of widespread spiritual activity in Korean Christian groups.

Thousands had begun speaking in tongues and having revelations they could not understand.

During revival meetings, many participants became ecstatic, as if drunk in the spirit.

1930s in Korea:

...the spirit came to prepare the way for the Lord,
to cleanse the souls of those it came to, not to excite
their senses.

But, above all, it came because God wanted to find one man.

1930s in Korea:

To bring his kingdom, God needs to start with one person, like a new Adam.

The purpose behind the spirit's coming was to make one perfect man.

1943 Korea:

"Her (Kims) mission, Moon's cell-mate explained, passed on to another woman, Huh Ho-bin, who was the leader of the Holy Lord Church in Pyongyang.

Every time Mrs. Huh received a revelation, her stomach would move as if she were pregnant.

1943 Korea:

This unusual experience was cited by the followers as further evidence of the truth of Kim's teaching that, contrary to common Christian belief, the Lord would be born in the flesh. “

Huh's group became informally known as 'Bokjung-Kyo' literally the In-the-Belly Church.

1946 Korea:

"The new Lord is twenty-six and you must serve him well, as you have served me," Jesus said."

Huh eventually died in prison.

The other leaders of the group were all sent to a labor camp when the Korean War broke out in 1950, and are believed to have been killed.

1946 Korea:

Comment: As a postscript to this encounter, however, it should be noted that, when Moon's 1st wife left him and he remarried, his new bride was the daughter of the only known survivor of Huh's (In-the-Belly Church) group Hak Ja Han.

1946 Pyoungyang Korea:

Pyongyang in 1946 was still a dynamic center for Korean Christianity.

He prayed with such intensity and feeling that the sweat and tears seemed to pour from him.

"I had never been so deeply struck by anyone's prayer in my life," Kim In-lu recalled.

1946 Pyoungyang Korea:

Moon taught that Korea was the second Israel and that the return of Jesus would take place in Korea.

But, he said, the return would not happen in either the spiritual or supernatural way that Christians tended to expect.

He said that, just as the mission of the Old Testament prophet Elijah passed in the time of Jesus to John the Baptist, so the mission of Jesus would pass to another

1947 Korea:

"Moon held services which, by the end of 1947, were being attended regularly by around forty people. During the day he would take care of members, and pray and study the Bible.

He invested himself completely in his followers.

1947 Korea:

Many had been led directly through revelations.

He fasted three days, and sometimes seven days,
for each new person.

1947 Korea:

"One lady in a service declared that she had seen Jesus in Moon's heart.

Another spiritual woman announced to the other members that Moon himself was the Christ."

- **Dr. Sang Hun Lee's Teachings
from Spirit World**

- in order to be reborn, people should understand the process of rebirth.

If explaining this more in detail, our defiled lineage should be completely sanctified, and we should inherit the love of God, which is called rebirth.

In order to be reborn, our body needs to go back to the womb from which we came.

- we can go back to God (which is a rebirth), by making an indemnity condition of small value. However, for this, we need a mediator. The mediator is True Parents. Humans cannot go to God without True Parents since the original sin (fallen nature: literal) can be removed only through True Parents, and only through Them.

- **Dr. Sang Hun Lee's Teachings from Spirit World**
- **Dr Sun Myung Moon Earthly Life and Spirit World I & II ...1998**

- I have not conducted all the providential efforts and events on my own centering only on the physical standard.

Instead, I have done these things by attending to God in the spirit world.

You have to know that the reason everything is being solved on Earth is so that the spirit world will be affected and all the divisions within spirit world will be broken down.

3.1. Spirit is the essence of life

Where there is a nucleus, there must be a reciprocally related being to revolve around it.

As electrons revolve around protons, human beings are meant to revolve around God.

God can pursue the providence of restoration because the human mind, which is like an electron, naturally relates to God's mind, which can be likened to the nucleus.

4.7. Heaven is a life of living for the sake of others

The Kingdom of Heaven is where those who have made sacrifices for others become the masters.

The family should sacrifice for the sake of the tribe, the tribe for the people, the people for the nation, the nation for the world, the world for the cosmos, and the cosmos for God.

The ultimate purpose is in reaching God and occupying Him.

but has to be lived forward" /Kierkegaard

Chart 2: Parallel Providential Periods

For humankind to completely overcome the two aspects of Ignorance (Internal –Spiritual, External – Science) and fully realize the goodness which the original mind desires, at some point in history there must emerge a new truth which can reconcile religion and science and resolve their problems in an Integrated undertaking.

We have Many Human “Minds”:

- ...

God imparted to humans a supra-sensory dimension and capability for sniffing out and perceiving *theological truths*.

This special discernment allows the human race to receive spiritual and eternal life from God's heavenly (non-physical) influence.

This deeper capacity of a person's spiritual nose is what the Holy Bible is communicating when we read in Genesis that Jehovah breathed into human nostrils and caused them to live. In other words, God's main activity is to help humans to live deeper, more spiritual lives—not just worldly or physical lives.

This divine spiritual endeavor is evidenced later in Scripture when Jesus breathes into His disciple's nostrils.

His disciples were already physically alive, so some additional and spiritually vivifying capacity must have been added to their mundane breathing.

We innately grasp the reality of this psychical schnozzola when we say that something smells “fishy” about a situation or when a person shows a particular talent, we will say they “have a nose for such things.”

Everyone can understand this last phrase as representing a human ability that operates above the functioning of the physical nose.

Man's essence is spirit.

Therefore, when you go to the spiritual world
you will realize more deeply that the essence
of being human is to live for the sake of others. /SMM

The western Christian philosophical tradition of spirit finds its roots in Plato's division of existing beings into two substances, form and matter.

For Plato the forms exist independently of material beings in their own realm.

In human beings he equates form with mind and soul, and this equation has stuck.

The Jesus of Galilee will not return - it is not necessary.

The Christ who manifested through him is the Eternal – he will manifest again.

Mr. Moon in deep meditation can project himself and be seen just as Jesus has been able to project himself and be seen by the saints.

This is one of the marks - of the messiahs always.

This is the end of an age, and the battle that is raging is really Armageddon.

It's a battle between the selfish, brutal men who do not think in terms of God or things which are associated with that word - against those peoples who will be the harbingers of the New Age.

You are now in the new Age - and old things are being destroyed - and new things - which are eternal but which are new only because mankind has now reached the point where it is able to recognize them and use them.

'From the days of John the Baptist until now the kingdom of heaven suffers violence, and violent men take it by force. /Mathew 11:12

The revelators seldom live to see their revelations widely accepted. But they do always draw to them – and leave behind them – a group who continue the revelation.

But it is not likely that everyone will accept it, because it needs education and it will take time.

Nobody can give away perfection.

Perfection was the ideal, and perfection was mans goal from the beginning, but man choose himself to loose that perfection, and she must now choose to return to it.

But you cannot expect the message to be accepted immediately by vast numbers of people only those who are ready and who are willing to listen and to whom this particular message seems to be right and meaningful.

That is the way that all the world teachers have had to go.

And remember one thing only, that if it is of God, it can not fail. And it is of God.

/Arthur Ford sitting 1965

Death does not bury who we are,
or even change who we are.
Rather, it carries us to the next stage of
discovering who we are

1

We are the combination of both who God designed us to be and who we have practically fashioned ourselves to be.

We are given the opportunity to create ourselves, our own characters and personalities, during the course of our lives on earth.

Thus, God has created us as cocreators of our own spirits.

This is who we ARE.

2

Secondly, we are in our essence
NOT the physical body
(with potential limitations=handicaps)
that we inhabited while living on earth.

We are in our *original* essence the character
God designed us to have and be—a character
of unlimited love and goodness.

She described him as a peacemaker who comes to our time

and the whole humanity will come to believe one truth.

Can you imagine a more frustrating experience than the one God had?

Here is God who among all the peoples in the world chose the Jews to become "His own people" because they were the only ones who in the old days had kept the belief in One God.

He made a covenant with them (Abraham), freed them from slavery in Egypt, gave them a unique law, gave them a beautiful land, educated them, blessed them and forgave them their many sins.

But when He finally comes to visit them in human form in Jesus to bring them eternal life they reject Him and kill His body.

Time is under MY (Jesus) direction,
but Timelessness belongs to God alone.
In time, we exist for and with each other.
In Timelessness, we coexist with God.

The Crucifixion did NOT establish the Atonement.
The Resurrection did.
This is a point which many very sincere Christians have
misunderstood.

Scientist/theologian Emanuel Swedenborg not only claimed that spiritual information was continually streaming in (influx) from a heavenly realm, but that the human brain and mind had special receptors for this info within deeper substrates of the human brain cell (neuron).

Unfortunately, because of the abnormalities of modern human culture and a dominating terrestrial worldview, people have been cut off from these extra capacities and need to be reconnected to them.

The expulsion from the Garden of Eden (Fall of Man) was a symbolic representation of this **disconnection**.

Thoughts are mighty forms of Energy!

Whether a word is good or bad can depend "love and gratitude" on the speaker's motive, thought and intention.

This can be explained quite easily by UT (Unification Thought), as the word (logos) is made by give-and-receive action of Inner Sungsang and Inner Hyungsang centering on Heart (love).

Hence would be right to say that the words should be judged by whether or not they are generated by heart (love).

In Japan, elementary school students along with their teacher performed a similar experiment using rice in three different bottles.

To one rice bottle, "Thank you" was said every day. A second bottle was ignored all the time, and the last bottle was told "You fool!" every day.

The class watched to see how quickly the rice spoiled. The rice in the bottle that was ignored spoiled first, followed by the rice in the bottle told "You fool!" Meanwhile, the rice that was told "Thank you" was preserved without spoiling.

The part of us that begins the process of setting us apart as unique individuals is our mental body.

It is here that the patterns leading to health or illness are created.

The analogy of a film projector can be helpful in understanding this concept:

The light bulb and projected light represent the Spirit, and the images on the screen are the physical result.

The film, which patterns the light to create the images, is comparable to our mental body. (DP: Spirit Self/Sprit Mind)

The readings say that all of us eventually need to learn to meditate, just as we once had to learn to walk.

Meditation, with the use of proper attunement and affirmations, works physically with the endocrine and nervous systems to create new patterns of health.

SOMETIMES IT SEEMS LIKE ONE IS NOT SPIRITUALLY GROWING FOR THINGS SEEM TO GO SLOWLY: the key is to make steady progress each day => each day may not seem like much is getting done; however, if II. this is done over weeks, months & years, it really begins to add up

EVERY THOUGHT YOU THINK, EVERY FEELING YOU CREATE, EVERY WORD YOU SPEAK & EVERY DEED YOU DO = BUILDING YOUR SPIRITUAL TEMPLE: it is built into your Aura, Causal Body, your Chakras, your Light Quotient, your Lightbodies, your consciousness, your service work, your Spiritual Earthly legacy; *everything you study, every book you read, every meditation you do, every Spiritual practice you do, every journal writing session, every affirmation, positive thought, channeling, piece of service work, insight, relationship encounter, meal, dream, the passing of every Spiritual test & lesson adds another piece to the foundation III. & to the house

BE NOT CONCERNED WITH PERFECTION : be concerned with any Spiritual progress & learning from any mistakes that are made => each day another aspect of your building is built, just as is the case when building a physical house; **"Righteousness in the eyes of God is perfection!" - Universal Mind through Edgar Cayce; God is not looking for perfection, He is IV. looking for right effort

THE MOST IMPORTANT THING = TO BE FOCUSED, DEDICATED, PERSEVERING, RELENTLESS & UNCEASING IN YOUR EFFORTS TO YOUR HIGHEST POTENTIAL : the higher you go, the more that is expected V. of you ...

- He archangel's mission must be fulfilled first, since God created the archangelic world first.

Next must be the accomplishment of the purpose of Adam, who should stand in the position of God's objective being.

If he stands as the perfected being of God's ideal, the ideal of vertical love can be developed horizontally. This is the objective world of creation which is the Heavenly Kingdom centered upon God.

- Sufism or taṣawwuf (Arabic: تَصَوُّف) is defined by its adherents as the inner, mystical dimension of Islam.
- A practitioner of this tradition is generally known as a Sūfī (صُوفِيّ)
- Another name for a Sufi is Dervish.

The **Bahá'í Faith** is a monotheistic religion founded by Bahá'u'lláh in nineteenth-century Persia, emphasizing the spiritual unity of all humankind.

There are an estimated five to six million Bahá'ís around the world in more than 200 countries and territories.

In the Bahá'í Faith, religious history is seen to have unfolded through a series of divine messengers, each of whom established a religion that was suited to the needs of the time and the capacity of the people.

These messengers have included Abraham, the Buddha, Jesus, Muhammad and others, and most recently the Báb and Bahá'u'lláh.

In the Bahá'í Faith, Gabriel is seen to represent one of the embodiments of descent of the Spirit of God upon the messengers/prophets of God, which are known as Manifestations of God. *

In Bahá'í belief, the Spirit of God is the conduit through which the wisdom of God becomes directly associated with his messenger, and it has been described variously in different religions such as the

- burning bush to Moses,
- the sacred fire to Zoroaster,
- the dove to Jesus,
- the angel Gabriel to Muhammad, and
- the Maid of Heaven to Bahá'u'lláh.

Gabriel is also mentioned in the Kitáb-i-Íqán in connection with Muhammad.

Emanuel Swedenborg
1688 - 1772

Heaven and Hell
Description of Spir. World

- ALL men 100% survives physical death
- We create our down destiny in spir wrld = Absolute Spiritual Laws are at work
“You reap what you sow!”
- 3 levels of Spir. World Heaven – Medium – Hell
...man takes with him all his memory and nothing can be hidden in the world so that it does not become manifest after death, and this in many people's presence”

Swedenborg's
"Circle of Life"

“Living for Others” /SMM

"Therefore all things whatsoever would that men should do to you, do ye even so to them" /Jesus.

Swedenborg not only showed how increased complexity into higher order structures involves more complicated *circles of process* but that these circles could be transcendent as well. Thus, whole units of action and process could include an **involution of spiritual energy into matter (creation)** and the **evolution of spiritual energy from matter back to its source**.

The trajectory back to the “source” is made possible through the emergence of the human race choosing to evolve further through spiritual transformation by adopting God’s tenets to their hearts, minds and lives.

On this grand scale of causal process the completion of such a cycle represents a **cosmic “heartbeat.”**

Swedenborg claimed that angelic perception is different from scientific observation (and reductionism) in that it instinctively sees all things in terms of ***comprehensive wholes***.

Angels can instantaneously grasp how all things in the created universe are interrelated and unified into coherent and holistic units. These interrelated and interconnected units of circular process are observed and recorded in the biblical vision of Ezekiel as “wheels within wheels.” In fact, Swedenborg maintained that these circular units of orderly process are woven into the very fabric of God’s Holy Word!

Swedenborg Picture of Heaven and Hell

Emanuel Swedenborg was one of the first practitioners to write extensively about the out-of-body experience, in his *Spiritual Diary* (1747–65).

CONCERNING THE IMPRESSION WITH SPIRITS THAT THEIR BODIES LIVE.

The spirits of this our earth have such an impression in regard to their still living in the (physical) body as will scarcely be credited, and it is with the utmost difficulty that they can be persuaded to the contrary.

/Swedenborg

What is truth.

Truth embraces a, deeper reality. It is in the best interests of the human race to become aware of this inner reality. It represents who we really are and determines what part of us survives the death of the physical body.

Ironically, many of our manifestations prove the existence of this deeper reality.

What is truth.

For instance, when we are insincere, hypocritical, or cultivate hidden agendas, it proves that there is an *inner realm* of our personality that can hide itself from the outside world. The Lord Jesus came into the physical world to bring more attention to humankind's inner world—so that it would not become an exemplar of hell.

This inner realm is where Jesus sets up his special kingdom and governance.

So there is cosmological truth (outside the person) and personal truth (inside the person).

He came up with his idea for alternating current (AC) in a vision he received while watching a sunset in a park in Budapest.

Another example of one of his prophetic ideas was his realization that matter and energy were interchangeable, an inspiration he received years before Einstein demonstrated the same idea with his Theory of Relativity.

He is a person some would describe as “spiritually open.”

Nikola Tesla

I feel an affinity for Tesla because I believe he was a mystic who was being inspired by the spirit world.

In my view, many great scientific inventions have come as revelations from heaven.

I believe that heaven was working through Tesla, and others like him, to advance God’s Providence.

Tesla was very idealistic and hoped that his inventions would be used for the benefit of all humanity.

... through the original sin
none is righteous,
NOT ONE PERSON.

Rom. 3:10

It means that all have a
common guilt,
a common sin.

• **1962:** I bear witness to the fact that the Old Testament and the New Testament combined are not sufficient to live by in the New Cosmic Age we have ascended into.

To be saved, every man, woman and child must commence their mission before they leave this earth plane. And before they can do this they must find the reason for the original sin and what original sin is.

Perfection and resurrection can only be achieved through work and that work must be done in the body, the spirit of Truth demands it.

Apostle Paul

Paul 9.11.2001 "I recognize the importance of human responsibility."

Now after learning the Principle, I became even more confident that the Apostle Paul's traditional view of God was very mistaken.

We necessarily should have attended God, the resurrected Jesus and the Messiah.

Individual responsibility of 100% is of tremendous importance for God's providence.

I promise to study the Principle and lead Christian believers here in the right direction. I have been making thorough preparation for accomplishing my assigned mission.

Swedenborg and Music

“Nature is in minor key.”

by thegodguy

On my recent visit to Sedona, Arizona, I attended a musical demonstration of flute music by Native American, Wolfs Robe. He is a flute musician, flute historian and flute maker of the authentic native instruments.

He is one of only six Native Americans qualified to carry on this art.

All the traditional and original Indian flutes played in minor key.

Having studied the ideas of Emanuel Swedenborg and George Gurdjieff, I am quite partial towards indigenous cultures, and their wisdom traditions. So I pondered his statement a bit.

Anyone familiar with musical theory will tell you that the minor key is more suitable for quiet contemplation while the major key is more “flashy” and, “in your face.”

Nature certainly offers an environment conducive to quiet meditation, while 42nd Street and Broadway in Manhattan plays more like a major key.

While the minor key indeed seems more noble and spiritual than melodies played in the major key, Wolf Robe's performance in the minor key was still quite subjective.

Wolfs Robe simply "channeled" his spirit through the flute—not consciously aiming for any particular goal.

Different people would therefore experience this music differently, that is, subjectively.

But music could reach a level well beyond this subjective effect.

Swedenborg and Gurdjieff suggested that ancient music was originally objective.

That is, its arrangement made use of universal laws mathematically designed to produce the precise and same experience deep within everyone's psyche.

Swedenborg insisted that humankind once possessed an angelic knowledge of art that transcended any art known today.

This ancient art produced precise theological effects on the higher functions of the human mind, which now are mostly dormant. Gurdjieff made similar comments.

The spirit grows through give and take action between two types of nourishment: life elements of a yang type that come from God, and vitality elements of a yin type that come from the physical self.

The spirit grows through give and take action between two types of nourishment: life elements of a yang type that come from God, and vitality elements of a yin type that come from the physical self.

The spirit self not only receives vitality elements from the physical self; it also returns an element to the physical self which we call the living spirit element.

The spirit grows through give and take action between two types of nourishment: life elements of a yang type that come from God, and vitality elements of a yin type that come from the physical self.

The spirit self not only receives vitality elements from the physical self; it also returns an element to the physical self which we call the living spirit element.

When people receive grace from a heavenly spirit, they undergo many positive changes in their physical self; they feel infinite joy and new strength welling up in them which can even drive away illness.

Such phenomena occur because the physical self receives living spirit elements from the spirit self. /DP96

“According to the science of spiritualism of today, it is believed that for every person on the earth three thousand three hundred and twenty spirits are mobilized, and sticking around each person, they try to help them.

How many billions of people must be in the spirit world?

World population development

Once you enter the spirit world,
you breathe through the cells of the fontanel
located on the top of the head.

The atmosphere in the spirit world is not earthly air;
it is love. We breathe the elements of love. . . .

Therefore, during earthly life we should prepare
for the day of death by cultivating our inner self;
this is done through experiencing children's love,
sibling's love, conjugal love and parental love

/SMM 1998

In the spirit world we breathe love.

Those who fail to love on earth will suffocate in the other world.

Earthly life is a training ground where we train ourselves to breathe in the other world.

That is why we should love others more than our own spouse

/SMM 1982

What is it like to live in the other world?

There is no need to worry about what to eat,
where to live or what to wear.

Anything is possible just by thinking about it or wishing it.

People eat in the spirit world.

They can feel the pulse in the veins.

Although theirs is a spiritual body, they can feel it just
the same as the pulse in a physical body.

What is the governing and active force
that can mobilize the whole?

It is not power, nor is it knowledge or money.
It is love, only love.

/SMM 1989

When you go to the spirit world
you will find that your life has been completely recorded
in the computer there.

It will all be revealed.

The conscience is like a computer file that is exhibited
in the eternal world. Everything is in that file.

/SMM 1993

Original man lives under God's direct dominion apart from Satan's rule, and yet they live in the fallen realm due to the fall.

In order to get away from it, he must pay individual indemnity, family indemnity. . .

Without this he cannot come out.

Spirits appear in each age through the rule of returning resurrection, and so each stage looks (wrongly) like a phenomenon of reincarnation.

How To Gain Spiritual Help

- **Respect all things as holy things.**
- **Respect all men as holy men.**
- **Respect yourself as a holy person.**
- **Respect your mind as holy.**

Pay deep respect to all people, no matter what kind of person they may be. As a child, be respectful towards an elderly man.

Think over your words three times before uttering them and always have a humble attitude.

= Prayer

Sun Myung Moon

April 1, 1977

People will come, desiring to have their lives connected to your life when they feel that God is present with you.

You have to feel God's presence in your centers.

When you maintain this spiritually then people will come and rest in you. Each day, without thinking, you will know who will come to visit and what kind of events will occur.

When you can develop such a heart, then imagine how interesting witnessing will become.

For this reason I am telling you that

you must have deep and intense prayer.

1981

The first and most important thing is to confirm that He is and what He said, during His short time on Earth.

The Son of God, and therefore the Jews made their biggest mistake in having Him put to death.

If he had been allowed to live He would have gone on teaching and in the end, been accepted by all as the Son of God, and the world would have become a better place for it.

But Man has free will and He was put to death and the plans made by God were thwarted.

While practicing medicine, he continued to search for truth and had many questions when he met Reverend Moon in 1956.

He and his wife were among the 36 couples who were blessed in 1961.

In 1973, Dr. Lee systematized the thought of Reverend Moon into a philosophically-oriented book titled Unification Thought.

This was followed in later years by Explaining Unification Thought (1981), Fundamentals of Unification Thought (1991), and Essentials of Unification Thought (1992).

Analogy: Life in the Physical Body is like bicycling
You are the Spirit Body, not the bicycle (Physical Body)
You need it to get far and fast (spiritual development)
Once you discard the bike (die)
It takes so much longer/slower to travel (develop spiritually)
You can borrow another bicycle (returning resurrection)
but now you are two people on the same bicycle = slower!

After all, the inhabitants of the spirit world are the souls (Spirit Self) of people who formerly lived on earth.

From this perspective, the spirit world is not so different from the physical world.

A True Story

Twin girls, Brielle and Kyrie, were born 12 weeks ahead of their due date. Needing intensive care, they were placed in separate incubators.

Kyrie began to gain weight and her health stabilized.

But Brielle, born only 2 lbs, had trouble breathing, heart problems and other complications.

She was not expected to live.

Rescuing Hug

Their nurse did everything she could to make Brielle's health better, but nothing she did was helping her.

With nothing else to do, their nurse went against hospital policy and decided to place both babies in the same incubator.

She left the twin girls to sleep and when she returned she found a sight she could not believe.

She called all the nurses and doctors and this is what they saw (refer to the picture above).

As Brielle got closer to her sister, Kyrie put her small little arm around her, as if to hug and support her sister.

From that moment on, Brielle's breathing and heart rate stabilized and her health became normal.

From then on, they decided to keep both babies together, because when they were together they kept each other alive.

And today (2011) they are 15 years old.

THE ROOT OF SIN

The root of sin was not that the first human ancestors ate a fruit, but rather that they had an illicit sexual relationship with an angel (symbolized by a serpent).

Consequently, they could not multiply God's good lineage but instead multiplied Satan's evil lineage.

Dae Mo Nim's Work to Separate Earthbound Spirits

- In the mid-1980s, Rev. Sun Myung Moon recognized a need to address the debilitating phenomenon of attached earthbound spirits on the population of the world, especially beginning with the members of the Unification Church.

For this purpose he chose Soon Ae Hong, the mother of his wife Hak Ja Han Moon.

See <http://journals.uts.edu/volume-ix-2008>

A Comparison of William Baldwin's "Spirit Releasement Therapy" and Dae Mo Nim's Ancestor Liberation

Both Baldwin and Dr. Shakuntala Modi, through their depossession practices, have discovered that somewhere between 80% and 90% of their clients' debilitating symptoms were caused by possessing human and demon entities, and that removing these attached spirits for the most part permanently removed their patients' symptoms.

Furthermore, in 1991, Baldwin publicly declared that

“spirit attachment is almost universal in the human population”

and, for this reason, mental health professionals and clergy should be “trained to use the appropriate techniques to relieve this affliction.”

As if to answer this call, Dae Mo Nim has appeared in our time as a providential healer, whose depossession techniques serve humanity as a whole:

There is another enormous pollution yet unknown to humanity, and this is the spiritual pollution.

Few people know that the invisible spiritual pollution is more dangerous than the visible pollution.

The Chung Pyung Spiritual Training Center is a place of recycling evil spirits into absolutely good spirits (ABS).

It creates a miracle of giving rebirth to the spiritual selves degraded like useless garbage and transforming them into God's children with cosmic value.

Life in 3 World

Tyler Hendricks March 15, 2000

Mrs. Soon Ja Richardson, Dae Mo Nim's assistant at Chung Pyung Lake, has informed me of a work that Dae Mo Nim is now performing in connection with the 8-14 generation ancestor liberation ceremony.

This work has to do with miscarried fetuses

On that basis, Dae Mo Nim attends to resolving the status of those unborn spirits, which she locates under the name of their parents in spirit world.

They indeed are not alive, having not breathed in the physical world.

Life in 3 World

Tyler Hendricks March 15, 2000 contin...

However, as the theology of the three stages of life attests, they have some identity and history that remain in spirit world.

Mrs. Richardson used the term "a cleaning process" for what Dae Mo Nim does.

Angels and DP

Jesus died on the cross, but **he did not die in the son's position.**

If Jesus died in the son's position, then he was a victorious offering to God and does not need to come again.

Angels and DP

But he could not be offered wholly.

He lost his physical body and only offered his spirit.

This is equal to the angel's offering in the spiritual world.

That is why Christians go to paradise instead of heaven in the spiritual world.

Angels and DP

In other words, the spiritual world, dominated by the archangel, is the realm of the archangel.

To go beyond that realm, victory must be won on earth in the physical world.

That is the will of God.

That is the meaning of Jesus' presence on the earth and the spiritual world.

/DP Introduction

From the commonplace affairs of individuals to the great events that shape the course of history, each is at root an expression of the human aspiration for ever greater happiness.

Comment: the essence of being human is to live for the sake of others.

/DP Introduction

There is a saying that the habit of a three-year-old continues until he turns eighty. Inborn personality is hard to change. Hence, spirit people cannot live very differently from the way they lived on earth.

After all, the inhabitants of the spirit world are the souls of people who formerly lived on earth.

From this perspective, the spirit world is not so different from the physical world.

After all earthly people are restored,
it will take a long time for the spirit world to be
completely restored because there are so very
many spirits who must be restored through the
principle of resurrection through people on earth.

/SMM 1965:4

It will be much faster for earthly people to be restored.
The number of spirits is very great.

And they must go through the resurrection in an indirect way.

/SMM 1965:4

Comment: Indirect = Vitality Elements needed from physical human body = physical people on Earth.

The Providence of Resurrection for People on Earth

Upon their death, the believers of this era will enter and abide in the Kingdom of Heaven in heaven, which is the divine-spirit level of the spirit world (p. 140).

Me!

The first resurrection is the resurrection enabling the accomplishment of the purpose of creation for the first time since the commencement of the history of God's providence of restoration.

The original self will be restored by removing man's original sin through the Second Advent of the Lord

Before creating man, God made all things in the image and likeness of man's character and form.

Therefore, man is the encapsulation of all things.
(*Comment: Physical and Spiritual Wolds*)

With man as the visible object
in the image of God and the universe
as the symbolic object in His indirect image,
man's love and the beauty of creation perform
give and take action to form
one body in unity centering on God

Since the universe was created after the model of man, who is in the image and likeness of God's dual essentialities, every existence, without exception, takes after man's basic form, which consists of mind and body.

Thus, in the universe there exists not only the visible substantial world, which resembles the human body,

but also the invisible substantial world, which is modelled after the human mind.

/Divine Principle Ch.1

“What is the Unification Church?
It means the place of unification
of the mind and body
and the place of study of the Divine Principle.

This teaching instructs clearly how to unify
the mind and body,
man and woman,
parents and children centered upon True Love,
True Life and True Lineage.

/SMM 960505

If you could go to the spirit world, you would see that all people constitute the body of one Person.

Saints and holy men may perform the role of the eyes or the ears, but even though they have important roles, they are still only components of that one macrocosmic Person

/SMM 1997

Each community (in Spirit World) is an image of the whole [Universal Human], since any completely harmonious entity is made up of a number of images of itself.

I have from time to time talked with members of communities where I had been sent, who belonged to the province of the lungs, heart, face, tongue, ear, or eye, and with members of the province of the nose.

/Emanuel Swedenborg, *Arcana Coelestia*

In the sight of God each individual is like a cell of that giant human.

In the sight of God each individual is like a cell of that giant human.

Each one of you is a cell, yet however small you are, every other cell is still connected to your life.

When you look at a little cell on the tip of your finger you are a giant in comparison to it, yet you still deal with that one cell on a one-to-one basis.

In the sight of God each individual is like a cell of that giant human.

Each one of you is a cell, yet however small you are, every other cell is still connected to your life.

When you look at a little cell on the tip of your finger you are a giant in comparison to it, yet you still deal with that one cell on a one-to-one basis.

You are like one tiny cell, only one portion of the entire universal body, yet when you deal with the universe you are on a one-to-one basis and you can claim your rightful vote.

We can denote the fact that many spiritual signs regarding the Lord coming again in Korea are appearing like mushrooms after a rain.

God's word of promise that He will pour down His Spirit upon all flesh (Acts 2:17)
is being realized among the Korean people today.

Therefore, countless men of religion are receiving very clear revelations concerning the Lord's Second Coming in Korea in many different ways, but contacting many spirit men of various levels; from the realm of miscellaneous spirits to the realm of the paradise level spirits.

Words from St Augustine 2001

“People of faith! The Messiah who is to come is none other than Rev. Moon, the True Parents of heaven and earth.

Please pray to discover who that person is. Here in the spiritual world, I have seen him clearly, working in the human form while surrounded by brilliant light.

Words from St Augustine 2001

“In the Blessing ceremony, people on earth will be able to see only the people on earth, but the Blessing candidates in heaven can see both the couples on earth and those in heaven.”

The scene of the Blessing ceremony is truly beautiful and enchanting.”

Words from St Augustine 2001

“During the ceremony, the officiator, Rev. Moon, suddenly changed into the shape in which God had appeared in the Garden of Eden before the human fall;

God's rays spun in splendid and enrapturing colors and circled around Rev. Moon, whereupon he assumed God's body.

Since everything a person does is transformed into vitality elements and transmitted to his spirit person, all of one's life is recorded in the spirit.

The spirit person is like a videotape recorder on which a person's entire life may be seen.

The key lies within us.

Power of Prayer

- In July 1995, back when AIDS was still a death sentence, psychiatrist Elisabeth Targ and her co-researchers enrolled 20 patients with advanced AIDS in a randomized, double-blind pilot study.
- Psychic healers prayed for the 10 in the treatment group. The healers lived an average of 1,500 miles away from the patients.
- Six-month study - four of the patients died in the control group
- All 10 who were prayed for were still alive.

Jesus laid the Spiritual foundation for the Physical Bridge of Salvation, across the River of Sin. Fulfilled by The Second Coming of Christ.

National Assembly President Boong Ki Lee and his wife, Maria Park, was most directly responsible for the persecution directed against the Unification Church (ca 1955).

In particular, Mary Park, had caused students and teachers to be thrown out from Ehwa Women's University.

Park and Lee's first son was Captain Kang Suk Lee, who had become President Rhee adopted son.

One day, it was a horrible event Captain Lee took a gun and shot and killed his biological parents, Park and Lee, and their second son, Kang Uk Lee. He then shot himself.

This happened 28 April 1960.

Why are such great changes taking place in the forty-year-period from 1960 to 2000?

In order to restore it, it must be dismantled and dispersed and swept away.

For this reason, such things will happen in the internal forty years and the external forty years.

- For this reason, without making the spirit world united, it is impossible to bring unity on the earth. If unity is not attained in the spirit world, oneness will also not be found in the earthly world. They share a common fate.
- You will be able to enter the realm of victory where you can fulfill the purpose that God anticipates. The earth is the subject. Because the earth is the subject, only when the domain of unification is established here will the spirit world be able to help, and conversely, if the earth does not establish that domain of subjectivity, spirit world will not do so. /SMM 1982

Diary of Pope John the 23rd

PREDICTIONS FROM THE DIARY OF POPE JOHN THE 23rd

The world will suffer through a painful period of violent wars, deadly famine, and destructive natural disasters over the next eight years.

But that nightmare will be followed by a lengthily stretch of love and harmony, a beautiful serene heaven on earth.

Those startling predictions come from the sensational lost diary of Pope John the 23rd, the beloved Pontiff who died June 23, 1963.

The dusty, leather bound diary containing hand written predictions was found by a Vatican cleaning woman who was sorting through boxes stacked in a little used storage room.

The entries clearly spell out the assassination of John F. Kennedy, the Vietnam war, the unrest in the Middle East, and the fall of communism years before they took place.

2000 year of preparation for the 2nd Coming of Christ

July 2, 1962 The Madonna tells me this will be her final visit. It is a joyous one for she shares tremendous news. As the year 1998 arrives, our heavenly friends will have shared much of their advanced knowledge.

Mankind will at last wipe out most of it's diseases and our life span will increase to the length of those listed in the bible. The visitors will also share the remarkable power of resurrection and throngs of wrongly dead will rise again.

Finally a wondrous miracle will take place in the sky above New York City December 25, 2000 (2013?) when millions will witness the sensational appearance of a messiah who will announce the beginning of a second paradise here on earth.

Prolegomena To A Philosophical Inquiry Into The Spirit World

Claude Perrottet

Prologue:

According to the views of Unification Thought and even according to common sense, the spirit world amounts to half of reality (not in the sense of a precise 50%, but in the sense of being one of two "worlds" constituting the universe).

Prologue:

According to the views of Unification Thought and even according to common sense, the spirit world amounts to half of reality (not in the sense of a precise 50%, but in the sense of being one of two "worlds" constituting the universe).

Unification Thought holds this notion is common with the general understandings prevalent in most cultures.

If that is the case, and if we additionally assume (again, according to Unification Thought and to vague notions floating in consciousness at large) that the "half" of reality represented by spirit world is the dominant though largely unknown half, it is surely an understatement to say that taking it seriously into account revolutionizes all aspects of philosophical inquiry.
.endprologue

- In Unification Thought terminology, we would say that the *hyungsang* part of the spirit (the spirit body) is the external appearance of the *sungsang* part (the spirit mind), and thus has its qualities.

- In Unification Thought terminology, we would say that the *hyungsang* part of the spirit (the spirit body) is the external appearance of the *sungsang* part (the spirit mind), and thus has its qualities.
- When trying to describe the spiritual realm from a Unification Thought perspective, a perspective that is in keeping with Swedenborg and others with personal experience of spirit, the expression that first comes to mind is total freedom, freedom from the constraints of physical existence.

- But this "dream world" does follow laws of its own that are by all accounts even stricter than those of the physical world. Free movement, change and development are possible only to the extent that these laws are respected and practiced.

The “Coronation Ceremony of God’s Kingship” was held on January 13, 2001.

It means that God could stand in the original position.

Also, God’s letter to True Parents on December 28, 2001 symbolizes that God succeeded His kingship to True Parents.

***The Meaning of the
“Coronation for the Authority and Liberation of God,
the King of Kings” on January 15 and 31, 2009***

The True Parents' Entrance Ceremony to Cheon Jeong Gung on June 13, 2006 means that God, the vertical True Parent, settled down to the earth for the first time in human history on the foundation of the unity of True Parents and True Children.

On various providential victories after that, the “Coronation for the Authority and Liberation of God, the King of Kings” was held 3 times: on January 15, 2009 (Formation Stage), January 31, 2009 in Korea (Growth Stage), and January 31, 2009 in New York (Completion Stage).

With great excitement and thanksgiving, I went to bed late. That same night, God gave spiritual confirmation and evidence of His message to me through Mrs. Ok. At around 2:00 a.m., in a state of semi-consciousness, rather like a trance, a dramatic and dynamic scene occurred. Someone was running straight toward me from a great distance. At the same time, I was running straight toward him from my direction. Both of us kept running, shortening the distance rapidly. Finally, he and I approached each other, and I reached out my right hand to shake his right hand. Immediately, a powerful surge of electricity from him penetrated my hand and entire body. I saw clearly his smiling and joyful face when I received that tremendous electric shock. Immediately, I awoke from that trance, trembling. Whether you believe it or not, the face I saw in my vision was the very same face of our beloved Father, whom I did not meet until three months later in Seoul. He was 34 years old at that time.

Through these two spiritual experiences, I realized that Father was the Messiah, even before I met him in person, and even before I heard any part of the Principle. Since then until this day, I have never had doubts about Father and the contents of the Principle.

” In the early days in Rome, we had many deep spiritual experiences. Doris, our leader, had many herself which may have been the basis for our having so many experiences too. Every Sunday morning in the summer, we prayed outdoors from midnight to 7 a. m. at a place called Monte Porzio. One particular experience happened at 3 in the morning: a small sign of Omega appeared over the city of Rome, and as it came toward us it grew bigger and bigger until it covered about two-thirds of the night sky.

Visions of the Spirit World: Sang-hun Lee's Life in the Spirit World and on Earth Compared with Other Spiritualists' Accounts

- *Embraced by the Light* republ. By B. Eadie

Visions of the Spirit World

- While in the other accounts the narrators receive visitations from heaven's representatives who descend from the higher realms,
- Lee himself is heaven's representative, descending to other spirits from what may be the highest realm.
- He always comes in the position to teach Divine Principle; he always comes with the heart to help the others to advance towards heaven.

Visions of the Spirit World

- Most of the people whom Lee interviewed, even those living in the good spirit world, felt some remorse for their failures in life.
- When Lee met Jesus and Buddha, their attitude was different.
Lee came as the messenger from God and the representative of the True Parents.
He could act as their confessor, their minister and their teacher.

Visions of the Spirit World

- If his narrative is true, then the True Parents are the most precious and most exalted beings in the cosmos.
- The True Parents' teaching is the highest teaching, above that of any religion.
- The True Parents show God's love to all people. From the greatest saints to the worst sinners, they show no partiality.
Who else would have the overflowing love to want to save Hitler and Stalin?

Visions of the Spirit World

- Jesus wrote the same thing in his letter:
“I will... offer my prayers and hard work for the sake of the direction of the True Parents and the providence of restoration.”
- Is that not also the very thing we who call ourselves Unification Church members must do on earth?

Visions of the Spirit World

- Heaven is open, and centering on the True Parents it is welcoming everyone.
- Its delights are worth every effort, so dwellers on earth should strive to make themselves fit for life in the spirit world.
- That is the kerygma of *Life in the Spirit World and on Earth*.

Testimonies about
Jesus & Sun Myung Moon

One day I was meditating in the early morning under a fig tree, and I received a message: The messiah is on the earth: return to America.

I felt to my core that this was true. But I did not want to return to America, and struggled a whole lot about leaving my idyllic life in Spain. I did not respond right away, and misfortune began to find me. I got the message real quick that I was no longer in the right place at the right time!

I returned to America on July 4th, 1969. I returned to hospital work, and only a few weeks later, on August 15th, I was taken by my friend to the Unified Family center to hear the Divine Principle revelation. By this time, I was very desperate to know how I could give my life to God in service. I was reading Page eight books on different religions, searching for where our messiah was. I asked Jesus to guide me daily.

When I heard the Divine Principle, I recognized many points from the revelations I had personally received. I was amazed and honored to be guided to this small group of young people like myself, who wanted to transform the world into one family for God.

On September 9, 1969, I moved into the Berkeley, California church center and began my life as a missionary.

Father Moon is famous among his followers for educating us by appearing spiritually through dreams. Here is an example of how Reverend Moon taught me a valuable spiritual lesson in an area very close to his heart. As a fulltime missionary in Northern California I once had a dream that Father Moon visited me at an office where, in my dream, I was working.

When I arrived at my workplace and my co-workers realized that I was accompanied by Reverend Moon, they began to ask me all about him and why he was visiting our office.

As I became enthralled in explaining all about Reverend Moon to them, he turned to me and said, “I am going up to your office; I’ll meet you there.”

About fifteen minutes later, I arrived at my office only to discover that Father Moon had already left.

As I approached my desk, I noticed that he had taken the fresh fruit which was on my desk and fed it through the fax machine.

Of course, I thought that it was very odd that he would do such a thing. I picked up the fax paper on which appeared an image of the fruit.

Below the image he had written the following:

“Having your nation overtaken by Communism is like having this beautiful fresh fruit reduced to a flat one-dimensional grey image such as you see on this paper.” !

Bret Moss joined the Unification movement in 1990 in Berkeley, California.

/Bret Moss

While I was sleeping, I had a dream.

*At a moment, I felt a presence leaning over me.
I saw our True Mother's face, and with her hand,
extremely softly, she lifted away from me the heavy
burden that blocked my chest.
I felt very light over my chest and started breathing
properly again.*

Then I found myself walking in a dark corridor, at the end of which I saw a light. Getting closer, I saw in that bright light the face of Jesus. Then Jesus' face changed into Sun Myung Moon's face. I had the strong feeling that it was the same heart; only the external appearance changed.

I felt profoundly happy!

After that, along with the loving prayers of my brothers and sisters, in only three days I recovered completely and was outside again on the mission! This remains in my heart as extremely precious evidence that our True Parents embody God's love.

My 36 Years in Unfication Church
Shirley Stadelhofer
2006

I was introduced to the Unification Movement through my second son, David, who joined in 1969 when he was only twenty years old.

My first study of the revelation of Rev. Sun Myung Moon was from a small book, titled Divine Principle and Its Application by Dr. Young Oon Kim, which my son offered to me.

While reading it, I became so furious with what I believed to be theological deviations from my confirmed beliefs that I actually threw the book across the room in a sudden burst of anger. Later, I received a sense of quieting, spiritual calm and told my son that I wished to study the teachings further.

To his astonishment, I also wanted to become a member of the movement!

Since then, over thirty-six years have elapsed and my life in the Unification Movement has been the most fulfilling and spiritually rewarding experience I have ever had.

Yet out of that kind of struggle I came to know the greatest fulfillment and joy in my entire life—the closest relationship to God that I have ever known.

I now have a deep, personal conviction that I have discovered the answers to the most basic questions about the universe and my purpose in life.

And now I feel that it is crucial for me to offer this to others.

Rev. Moon has often compared the process of the life and death of humans to the process of a caterpillar becoming a butterfly.

If we imagine that the caterpillar has consciousness, as humans do, then it might be afraid of becoming a cocoon, because this could seem like the end of its life. It could be attached to its life as a creature in the earth, just as we are attached to our physical bodies.

But the caterpillar does not know that there is another new existence after its “death” in a cocoon, where as a beautiful butterfly it will be enjoying a new life among fragrant flowers and sweet honey.

Rev. Moon has taught that it is much better and wiser to fulfil God's will while we are in our own physical bodies on earth.

The reason?

It takes much longer and much more effort to achieve resurrection of our spirit selves in the spiritual realm than when we are on earth and in the driver's seat, so to speak, of our own physical lives.

Teen suicide

Table 1: Wilson's Ten Characteristics of Spiritual Existence

1	People in the spirit world live as embodied forms and carry on all major life activities.
2	Energy in the spirit world flows directly from God, shining as the sun of love to illuminate and govern
3	Spirit world is a world of thought; communication occurs through thought, and thoughts can immediately induce movement or the materialization of things.
4	In the spirit world form is not fixed, but is far more plastic, reflecting the spirit's inward character
5	Human beings and angels exist for eternity, rooted in their unchanging essence
6	The spirit body that forms an envelope around the spirit may be of various levels of denseness, according to the realm in which the spirit exists. In general, the spirit body is composed of elements fitting for the realm in which it dwells. There seems to be a correlation between the spirit body and the surroundings environment.
7	There is no multiplication in the spirit world.
8	Human beings are co-creators of the environment in the spirit world.
9	Animals, plants and inanimate objects exist, not eternally, but only insofar as there are humans who treasure them.
10	Due to the Fall spirit world is divided into various realms, arranged in concentric circles "above" and "below" the earth

Spirit people can also resurrect through good deeds in the spirit world, by receiving education or by joining the forces of good in the battle against evil.

However, they still need the “traction” of a connection to the earth if they are to have the power to overcome their situation and ingrained attitudes that could otherwise easily defeat their efforts.

That is why

prayer conditions for our ancestors are so helpful.

1

The Theory of the Original Image in Unification Thought posits that all reality is constituted by the duality of sungsang and hyungsang.

From the causal Being to resultant beings, all existences consist of an internal, invisible aspect (sungsang) and an external, visible aspect (hyungsang).

The sungsang encompasses a being's mental and functional aspects, while the hyungsang constitutes its body, composed of matter/energy.

2

The power to manifest an entity in the Spirit World derives from God's Universal Prime Force.

This Force has both sungsang and hyungsang aspects.

Its sungsang is the "life field" which appears as the light and warmth of the central Sun.

Its hyungsang is "pre-matter," the atoms of spirit substance that coalesce around a being's sungsang to manifest its form.

3

Entities in the Spirit World form according to the model of the 2-stage structure of creation in Unification Thought.

The logos, formed through the inner four-position base, joins directly with elements of pre-matter to manifest as a substantial form.

4

Spirit entities lack a layered structure.

First, accounts of the spirit world suggest that plants, animals and human bodies do not decay into foundational strata that would be expected on earth.

When a person eats a plum, the juice that dribbles out disappears spontaneously without leaving a watery residue.

A flower when picked simply dissolves into its elements.

4

Second, human thought and will can suddenly alter the forms of its surroundings.

Such behavior would be impossible for physical entities whose forms are grounded in lower strata of matter, and therefore exist independently of their human subjects.

4

Third, it doesn't appear that animals and plants in the spirit world depend upon plants and minerals as their foundational strata.

Animals in the spirit world have no need for food, and hence live peaceably with each other.

Rather, in the spirit world the source of nourishment is God's love.

5

Spirit persons in the Kingdom of Heaven have a unitary structure of spirit mind/spirit body without any layers.

However, fallen spirits are covered by a denser “astral body” that corresponds to the thoughts of the evil mind.

5

When an evil spirit resurrects to a higher realm, it may “die” and leave behind its gross body while a fine “mist” congeals into a new, purified body.

It seems that, just as on earth, the body that carries a spirit’s identity may not be the same as the body that manifests its external form.

According to Daemonim, a spirit can even shrink itself to microscopic size to invade a person’s body.

Angels, too, have the ability to change their form at will,

Spirit persons as connected bodies create their spiritual environment out of the content of their thought, character and deeds.

The principle of the connected body is very apparent in the Spirit World.

Figure 1: Original Structure of Spirit Entities

Figure 2: Structure of Spirit Entities in Hell

7

The hierarchy of angels in the Spirit World corresponds to the hierarchy of galaxies, stars and planets on earth.

A second hierarchy in the spirit world is the hierarchy of angels.

Mystics like Swedenborg have described a three-level hierarchy of angels.

7

According to Rev. Moon, “All beings want to be absorbed into higher levels of love. Thus, minerals want to be absorbed into plants, plants want to be absorbed into animals, and finally all of creation wants to be absorbed into human beings.”

The purpose of the spirit world, like that of the physical world, is to provide a pleasing environment for human beings as God’s children.

8

The Spirit World was not created with yang and yin.

The core principles of the Spirit World are subject-object, operating vertically, and the three-fold division of mind as intellect, emotion and will.

The duality of yang and yin was created first in the physical world.

It was to appear in the Spirit World only with the marriage of perfected Adam and Eve, at which point the horizontal realm of Earth and the vertical realm of Heaven would unite.

Spirit persons are co-creators, who develop and expand the Spirit World according to their character and store of experiences.

God seeks to experience the joy of the everexpanding, ever-new cosmos that His children create.

The Divine Principle makes it clear that human beings are unique among all God's creations in having both a spirit self and a physical self.

This dual structure enables human beings to be rulers of both the spiritual and physical worlds, the microcosm of the cosmos that consists of both worlds, and the center of harmony between the two worlds.

There is a second and equally important factor that qualifies human beings to exercise dominion over the two worlds: they are endowed with God's creativity, able to participate with God in creating the universe.

10

Angels were not meant to be co-creators, but Lucifer sought the dominion that belongs by right to a creator through causing the fall of Adam and Eve.

Angels were not meant to be co-creators, but Lucifer sought the dominion that belongs by right to a creator through causing the fall of Adam and Eve.

Angels are not designed to have dominion over the cosmos.

Angels are not designed to have dominion over the cosmos.

For one thing, they lack responsibility for their own perfection.

Angels are created in a mature state, as the archangel was when he tempted Eve.

Neither do angels participate in creating their eternal life.

The central position of human beings in the cosmos is their **eternal birthright, as the children of God.**

It does not change even after humans cast off their physical body.

The Spirit World and physical world form a unified cosmos, relating as sungsang and hyungsang, yin and yang.

This cosmos is only perfected with the advent of human beings who fulfil the purpose of creation.

Chapter II: Diseases Caused by Lucifer

1. Diseases Caused by Lucifer

The number of diseases in the world is too many to count. There are also countless names given to these diseases. How is it that Lucifer makes people sick, and how does he push them along the path of death? Let's take an example. People on earth are most afraid of cancer so cancer is divided into several categories.

Why does the disease called stomach cancer come about? The stomach is a very important organ for people. Of course all parts of the human body are precious, but the stomach is especially so because it takes all the food and drink that comes into the body through the mouth and digests and stores these. It is a storage place that is supposed to provide the body with nutriment. If something goes wrong there, then there is a problem with supplying nutriment for the body and there is major difficulty in maintaining life.

When that happens, there is an imbalance of nutriment in the human body. The body becomes weak and it loses its ability to defend itself against other illnesses. In general, stomach cancer is caused by overeating to the point that stress is placed on the stomach. Aside from this, if a person is under a great deal of stress in general, it makes it difficult for the stomach to perform its normal movement of contraction and expansion. This makes it difficult to digest food completely and food particles are left in the stomach. A stomach has ways of avoiding trouble and maintaining its balance even in the midst of such stress from various sources. This is why the health of a human body can be

C. 2012 & Kalevala (finnish national epic)

Case in point is the mysterious existence of myths obviously describing precession in the ancient verses of the Kalevala, the Finnish National Epic.

The Kalevala stories describe a sacred Mill called the Sampo (derived from sanskrit Skambha = pillar or pole) with a "many ciphered cover".

C. 2012 & Kalevala (finnish national epic)

This spinning Mill is a metaphor for a Golden Age of plenty and the starry sky spinning around the Pole Star (known as the Nail of the North), which in the Far North is almost straight over head.

The Mill at some point is disturbed, its pillar being pulled out of its peg, and a new one - a new "age" - must be constructed.

This becomes the chore of Ilmarinen, the primeval smith. In this legend, ancient knowledge of precession among unsophisticated "peasants" who were nonetheless astute skywatchers, was preserved via oral tradition almost down to modern times.

The first sign of this change in the Earth's core would be the "breaking up of some conditions" in the South Pacific and "sinking or rising" in the Mediterranean or Etna area. He said that "the greater portion of Japan must go into the sea" at this time, and that northern Europe would be "changed as in the twinkling of an eye."

On February 28, 1963, over in Arizona, U.S.A., a constellation of seven angels appeared to Reverend William Marrion Branham in the form of a ring shaped-Cloud.

These seven angels came from the presence of God revealing to him the hidden mysteries of the Bible which were sealed in the Book of Daniel and the Book of Revelation yet were ordained to be unveiled at the end time.

Many pictures were taken of this peculiar Cloud, some appearing in Life Magazine (May 17, 1963 issue); some in Science Magazine (April 19, 1963 issue), along with a scientific report of how it was scientifically impossible for such a cloud to exist.

The highest clouds form at about 10 miles, but this phenomenal cloud was 26 miles up, at which altitude water vapor does not exist.

Pledge 5

Reaching to the Spirit World

천일국 주인 우리 가정은 참사랑을 중심하고 매일 주체적
천상세계와 대상적 지상세계의 통일을 향해 전진적 발전을
촉진화할 것을 맹세하나이다.

*Our family, the owner Cheon Il Guk, pledges to strive every
day to advance the unification of the spirit world and the
physical world as subject and object partners, by centering
on true love.*

The fifth pledge discusses the role of the spirit world in human life.

Having been given dominion over the creation, human beings are the lords of both the spiritual and physical worlds.

The human mind connects with the spirit world and the human body interacts with the physical world.

In a real sense, our mind and body constitute the microcosm that controls the macrocosm — the spirit world and physical world — through its resonance with them.

The key lies within us.

When we align ourselves properly, we can tap into the inexhaustible power of the spirit world to bring us prosperity and victory.

Furthermore, since our ultimate destiny is to live eternally in the spirit world, we should use our time on earth to prepare for life in that world.

FIGURE 8: THE STRUCTURE OF THE SPIRIT WORLD

The Non-Principled Spirit World

Our tour beings with the Non-Principled Spirit World, which is populated by the vast majority of people who ever lived, who did not establish true families while on earth.

People on earth vary widely according to the degree of their love and to what extent they lived a life of goodness.

Though they co-mingle during earthly life, in the spirit world they separate.

According to the various qualities of earthly people's inner, spiritual lives, they come to reside in a place within one of three major levels of the Non-Principled Spirit World: Hell, Lower Heaven, and Paradise.

The Transitional Spirit World

In addition, there is an intermediate realm, the Transitional Spirit World, which serves as a way-station on a spirit's journey to his or her final abode.

This is the realm closest to the earth, where spirit persons stay temporarily when they first enter the spirit world.

After a stay lasting from a few days to a few years, spirits journey either downward to hell or upward to one of the heavenly realms at their own volition.

Within a few days after death, spirits are led to this realm, guided by angels and spirits of the departed.

The trip is like being lifted in an elevator or like passing through a gate.

On arrival, the newcomers may experience the warm, comforting embrace of a transcendental being of white light.

Their relatives, intimates and acquaintances may welcome them and remain with them for a time before returning to their own places.

When a spirit arrives at the Transitional Spirit World, his speech and actions become totally unconstrained.

He can express in words whatever he thinks and do whatever he wants. Having shed his physical body, he suddenly realizes that he has profound wisdom, as if his intellect had grown fifty-fold.

Although the newcomer may cling to his old habits for a while, before long he accustoms himself to the laws of spirit world.

Earthly honor, knowledge, position, property and wealth are of no use.

Hell

Hell is populated by people who lived predominantly selfcentered lives while on earth.

(Reflexion of satans lineage)

They pursued only their own interests while committing falsehoods, deceptions, injustice, and crime.

Even if outwardly they led respectable lives, their hearts festered with jealousy, hatred, avarice, lust, anger and complaint.

After they pass over into the transitional spirit world, fellow spirits of Hell who witness the newcomer's past in the mirror of judgment lead him to their infernal dwelling-place.

Hell

Lee's description of the hells is reminiscent of Dante Alighieri's *Divine Comedy*.

Dante's depiction of hell, The Inferno, depicts 9 levels, each darker and bleaker than the last.

Dante's Paradiso depicts 10 heavens of ever-increasing brightness and glory.

On May 5, 2004, Father Moon announced the 쌍합 십승일 (雙合十勝日, *Ssang Hab Shib Seung Il*), *the “Day of Double 5 and Victory of the Number 10,”* which marked the beginning of the “Age After the Coming of Heaven.”

It opened the era for cleansing the evil satanic kingdom and manifesting the kingdom of true love on earth and in heaven.

Lower Heaven

Conscientious people, the charitable, patriots, educators, the virtuous, truth-seekers, etc., people who made efforts to do right while on earth, dwell in Lower Heaven.

Whether or not they believed in religion, they sought to live a life of goodness according to their conscience.

Paradise

Beyond Lower Heaven lies Paradise.

(Luke 23:43, 2 Cor. 12:3)

It is far brighter and more splendid, with magnificent mountains, azure rivers, fields of flowers with sweet fragrance, and lovely music rejoicing the mind and heart.

In its upper levels people live in a state of ecstasy, totally immersed in all the beauty that surrounds them.

The Principled Spirit World

God's original intention for the spirit world was that it would consist of only one realm, the Kingdom of God in heaven.

Spirit persons who have perfected the Four Position Foundation on earth pass over into this realm.

Today, with the appearance of people who have received the Blessing and who are on the way to establishing true families, the threshold level of the Kingdom of Heaven has been newly opened.

It is called the Principled spirit world.

This realm is above even the highest level of Paradise and is incredibly beautiful.

The Subjective Role of the Spirit World

One reason to learn about the spirit world is to better understand how spirits affect life here on earth.

Spiritual influences can bring luck or cause misfortune.

Indeed, diverse bands of spirits descend to give invisible influence to the earthly world—some for good and some for evil.

An amazing stroke of fortune or a crushing blow can occur seemingly without reason, but psychics who have access to the spirit world can clearly know its cause.

Destiny and Responsibility

People often misunderstand the subjective role of the spirit world, particularly when it comes to the question of fortune and destiny.

Many people believe that every person has a foreordained destiny written in the stars, stored up in the spirit world.

Are the important events in our life—the day of one's death, for example — predestined?

It is said that plans unfold in the spirit world years before they bear fruit on earth. Thinking in this way, we may consult fortune tellers for advice about our lives, believing they can give us a glimpse into the future.

The Divine Principle, however, clearly presents only one sort of predestination for human beings:

God's predestination of prosperity and success for the person who fulfills his portion of responsibility.

Uniting the Spirit World and Physical World

Many people are aware of the higher power of divine providence that guides our lives.

We have felt God's guidance leading us on through dark and despairing times into new situations with fruitful paths of action.

When we rely on providence, amazing things can and do happen, for we place ourselves in a position to receive spiritual help.

As Jesus said, those who seek for God's kingdom and God's righteousness will find that every good thing is provided for them. (Matt. 6:33)

Three Keys to Mobilizing the Spirit World

At the center of unity between the spirit world and the physical world stands the human being, who joins the two worlds in the circuit of give-and-take action.

There are three keys to completing this circuit, and thereby to receiving spiritual help.

First, a person affirms his or her heartfelt dedication to God and determination to do God's will; therefore mobilizing the spirit world to give inspiration, guidance and support.

Second, the person establishes good unity between mind and body, and hence is able to act on this inspiration.

Third, the person has laid a practical foundation on the earth, that his actions might carry weight and be effective.

The Liberation of Hell

The saint and the sinner are both God's children. Therefore, we who would draw close to God must love our brothers and sisters who suffer the pain of a bitter or resentful spirit.

Possessing spirits, who penetrate the body and attach themselves to the psyche, afflict people without their knowledge.

They can enter the body in a moment of weakness; shock, a fainting spell or a high fever.

Alcohol or drugs provide ready opportunities for possessing spirits.

These spirits cloud the mind and induce obsessive or even psychotic behavior.

Even many physical illnesses have possessing spirits as a contributing cause.

The common denominator of all these evil spiritual influences is inherited sin.

We take responsibility for our ancestors' sin through repentance and making reparations.

We can suffer through the pain of an affliction with a good heart, knowing that by our stripes our ancestors are healed.

We can instruct them in the truth. Most importantly, by loving and serving others, we can cover these sins with goodness.

“Love covers a multitude of sins” (1 Pet. 4:8) and
“Good deeds annul evil deeds.” (Qur’an 11.114)

Comment: Ancestral Liberation up to 210 Generations are being done in Cheong Pyeong Korea.

This pledge and the first pledge are the only two pledges that do not use the verb “to perfect,” *wanseong-hada*.

Recall that perfection means bringing to full growth what exists already as a potential.

When we perfect the dutiful family way (pledge 2), the Four Great Realms of Heart (pledge 3), etc., we are striving to perfect what already lies within the creation as a seed.

The fifth pledge, however, is about restoration, about mending what was broken, paying off old debts, and overcoming evil.

First we should strive every day to set up the three keys for receiving spiritual help.

1. We should live by our conscience, thus restoring the proper subject-object relationship between mind and body within ourselves.

Thus we become the unity between the spirit world and the physical world in microcosm.

2. Strive to catch the inspiration of heaven and act to bring substantial results on the earth.

By our continued effort, the will of God first formed in the spirit world comes down to the earth and becomes manifest.

3. Build our practical foundation, in order that heaven's will can be manifest on the earth ever more powerfully.

Second, we must ever fortify ourselves against the base influences of the surrounding environment.

We should reflect on ourselves to recognize where Satan finds a foothold to invade our lives and turn us from the higher life with God.

To this end, we need daily study of God's Word to keep a proper perspective on life.

Third, we need to pray constantly. (1 Thess. 5:17)

Through prayer we receive God's guidance and block the evil desires of the flesh.

The perfection of prayer is to be constantly mindful that we are living in His presence.

Fourth, we should continually seek opportunities to serve others.

Through loving service we make a base for good spiritual help.

We generate vitality elements, which make for spiritual growth.

We also make restitution for our ancestors' sins, opening the door for their liberation.

Finally, the call to strive every day reminds us that we have the unique opportunity to attend the True Parents while they live on earth.

Father Moon is more than eighty years old; his remaining time on earth is short.

Every second of his life, he has been running so fast and accomplishing so much; he restored six thousand years of history in the span of only forty years.

Scripture teaches, “With the Lord one day is as a thousand years, and a thousand years is as one day.”

St Augustine on Blessing Ceremony in the Spiritual World

I am living in incredible truth and boundless grace, which I could never imagine in the physical world.

Having attained freedom in this truth and grace, I am living a happy life here every day.

What is more amazing, however, is the Blessing ceremony in which those people who had left their physical bodies and come to the spiritual world participated.

During the ceremony, the officiator, Rev. Moon, suddenly changed into the shape in which God had appeared in the Garden of Eden before the human fall;

God's rays spun in splendid and enrapturing colors and circled around Rev. Moon, whereupon he assumed God's body.

St. Augustine's Confessions
from the Spiritual World

Singhwa Publishing Co., LTD

Then, the whole scene of the Blessing ceremony
was showered with brilliant light,
as if floodlights of housands of volts
had been turned on in a dark room.

In this ceremony, God's light touched each and every couple.
At this time, my wife was on earth and I was, of course,
in the spiritual world.

An earthly person would not understand what this means, but at one word from Rev. Moon, the ceremony site changed colors and structures, and the couples' ceremonial dresses changed.

God's light touched all the people, and their spirits became consecrated, after which their forms became different from those of the spectators.

The Blessing is a ceremony through which God brings together an Adam and an Eve in the Garden of Eden when they become fully mature. I believe it because I have seen it clearly with my own eyes. I firmly believe that Rev. Moon is marrying honorable men and women as an officiator in God's body.

Lord of the Rings or Lord of the Rings,
is a fantasy (*Spirit World*) novel by J.R.R. Tolkien.

It was published in English for the first time in 1954-1955
divided into three volumes
with the titles The Fellowship of the Ring,
The Two Towers and
The Return of the King (= *Messiah*).

1937 – 1954 - 1960

Tolkien had already 1937

(1935 SMM received his mission from Jesus)

in Bilbo, a hobbit adventure, introducing both rule the ring,
and several of the main characters in the trilogy.

the idea of a ruling ring that can determine

also appears in **Richard Wagner's** four operas of
Der Ring des Nibelungen.

Both authors have been inspired by the same old stories,
including Völsungasagan and Edda.

In the mid 60's had short stories have become
a cultural phenomenon. (True Parents' Holy Blessing 1960)

K: Motion moves things. Space conducts. •

M: So space is the conductor of things.
And motion is the impetus that makes
the receiving and the conducting happen?

K: Time receives. Space conducts.

M: We (in Physical World) manipulate time, space, and motion;
you (in Spiritual World) manipulate receptivity, conductivity,
and frequency.

Is the "manipulation" anything like what we do when we
make time and space seem shorter or longer?

K: Yes. But our manipulation is more real. •

James 3

- *For in many things we offend all.
If any man offend not in word, the same is a perfect man,
and able also to bridle the whole body.*
- *Even so the tongue is a little member, and boasteth
great things.
Behold, how great a matter a little fire kindleth!*
- *Out of the same mouth proceedeth blessing and cursing.*

The Bible says clearly that
whosoever controls the tongue controls the whole body.

What you speak, you are going to get.

Feed your nervous system with these words.

Constructive, progressive, productive, victorious words.
Keep repeating them so that you can have control of
your whole body.

Then you will become victorious.

For you will become completely conditioned to meet your environment and circumstances and achieve complete success.

*Comment: Compare with
Power of Positive Thinking – Law of Attraction etc.*

While living in the three-dimensional realm, you can experience spirituality in the fourth-dimensional realm by faith, as God declares: “Now faith is the substance of things hoped for, the evidence of things not seen. For by it the elders obtained a good testimony. By faith we understand that the worlds were framed by the word of God, so that *the things which are seen were not made of things which are visible*” (Heb. 11:1-3, NKJV, italics mine).

Humans are three-dimensional beings. Because humans are part of the three-dimensional realm, once the three-dimensional realm came into being, it became part of the fourth-dimensional realm and is, therefore, under its rule.

When the three-dimensional realm was created, it became susceptible to infinity; and when time came into existence, because it also is part of the three-dimensional realm, we became susceptible to eternity. This principle applies to all humans whether they are Christians or non-believers. We, the three-dimensional beings, were created as beings that are under infinity and eternity.

Four Elements of Change

What do you suppose one will need in order to operate in the fourth-dimensional world? In order to move the fourth-dimensional world, four elements are required: *Thinking, Faith, Dreaming, and Words*. Our lives will change once we accurately know how these elements work and when we have a proper handle on them. Prayer by itself isn't sufficient. Certainly

The framework of Cho's sermons is the **Fivefold Gospel** and **Threefold Blessing**.

The fivefold gospel consists of:
the gospel of **Salvation**;
the gospel of the **Fullness of the Holy Spirit**;
the gospel of **Divine Healing**;
the gospel of **Blessing**; and
the gospel of the **Second Coming**.

The threefold blessing is based on **3 John 2** and describes the blessing that Christians receive by the work of Jesus Christ.

“Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth.”

It consists of spiritual blessing,
physical blessing and
blessing of circumstances.

In Washington DC, the so-called murder capital of the world there was a big experiment in the summer of 1993 where volunteers came from a hundred countries to collectively meditate for long periods of time throughout the day.

It was predicted in advance that with such a sized group you would have a certain percentage drop in violent crime as defined by the F.B.I. in Washington that summer.

The chief of police went on television saying that “Look. It’s gonna take two feet of snow to reduce crime by that percentage in Washington, DC this summer.”

Based on the results of the study, the steady state gain (long-term effect) associated with a permanent group of 4,000 participants in the Transcendental Meditation and was calculated as a 48% reduction in HRA crimes in the District of Columbia.

A very interesting experiment that teaches us that each one of us have the power to affect our surroundings in a positive way.

Buddha Said To Publish Rev Moon's Story

It is very amazing how this autobiography came to be. It was published by Gimm-Young, which is the equivalent of Random House in the West. Gimm-Young is one of Korea's leading publishers, established in 1979.

The CEO of that company happens to be Madame Park, a devout Buddhist.

She tells how in one of her meditations Buddha appeared to her and asked her to seek out this man named Reverend Moon and to publish a story about this extraordinary man.

Because she had this revelation in her meditation, she reached out to the Unification Church and compelled Rev Moon to write his autobiography in his own words.

That's how it came to be.

It is a phenomenal book in that we get a rare glimpse into a man in the form of different stories.

The appearance of the Spiritual Seal of Cheon Il Guk that was presented to True Mother during the Foundation Day Ceremony 22 Feb 2013, is consistent with God's Providence from its very foundation.

True Mother, after all, is the living Holy Spirit. True Parents declared that the foundation is completed for the Kingdom of God on earth and in heaven. The seal represents God's ownership of Cheon Il Guk, God's ownership of True Parents, God's ownership of His Word in the Divine Principle and True Parents' words, and God's ownership of those attending the Lord at the Second Advent. /Feb 2013

A powerful witness that there is great new hope on the horizon.

"On Easter I had a spiritual experience that I would like to share with you.

At one point, when I closed my eyes, I saw True Father in front of me.

He was so lively, and beaming with happiness.

He wore a light beige coloured suit, a white shirt and a light coloured tie.

April 2013

He was standing very relaxed, putting his weight more on one hip. Then I saw that True Father was holding hands with Jesus, who was standing to his right. True Father was so blissfully happy.

Jesus was dressed in a white cotton gown, with a red and blue stripe going down from the top to the bottom on each side of his neck.

This is the first Easter that True Father and Jesus are together in the spiritual world.

April 2013

True Father and Jesus were standing on a small hill, with millions of millions of people cheering them on.

I was told three things:

Number 1, that this was a real event taking place, not just my own spiritual experience,

Number 2, that I was there in the function of a witness, and

Number 3, that there will be other witnesses around the world.
