

Divine Principle  
&  
Ancestor Liberation  
v.1.1

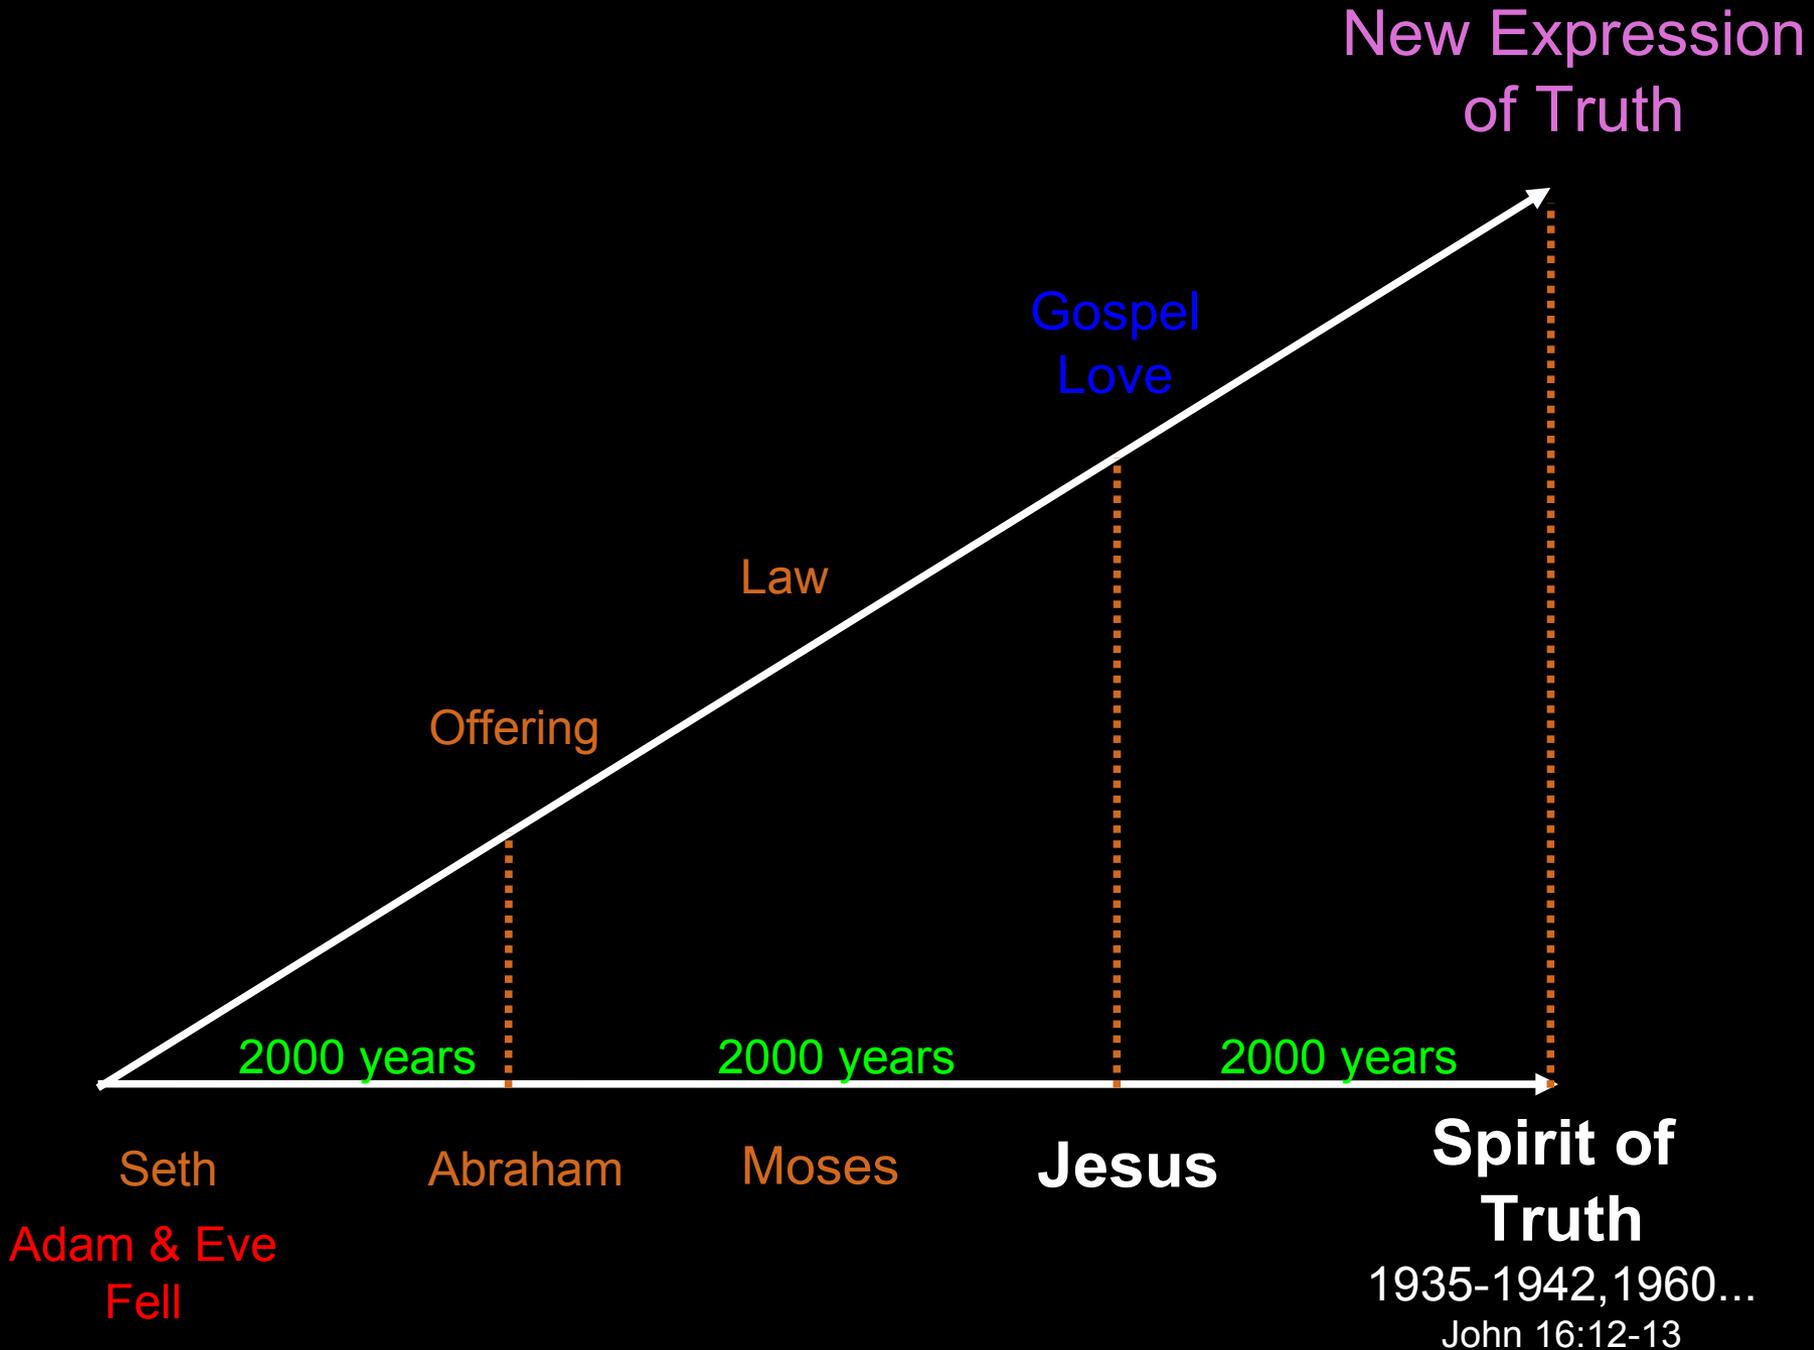

Harmony at The Peak by Kahlil Gibran

Jesus said 2000 years ago:

“Repent, for the kingdom of heaven is at hand.” Math 4:17

Still it only materialized Spiritually.

2000 years of a World Christian Spiritual “2nd Israel”

If Adam, who was the first human ancestor, had been perfected, he would have become the substantial embodiment of all the subject elements in the creation; and if Eve had been perfected, she would have become the substantial embodiment of all the object elements in the creation.

If Adam and Eve together had grown wholesomely to the perfection stage--one becoming the lord of all the subjects in the creation and the other becoming the lord of all the objects--and had they joined into one body as man and wife, they would have become a central body dominating the whole universe, since God created man to have dominion over the creation.

/DP73 Principle of Creation

Among your ancestors, according to the level of their goodness, the better ancestors stand in the front ...

If among the descendants of that ancestor if the one who joined the Unification Church just looks similar to him, how flabbergasted would he be, just by that fact alone?

"Wow, he took after me!"

The better the ancestor is, the happier he would be to find out that they look similar. /SMM 92-112

The Unification Church and Spiritual Phenomena

According to the principle of creation, man's spirit was created to grow only through give and take action between the **life element** from God and the **vitality element** from man's **physical body**.

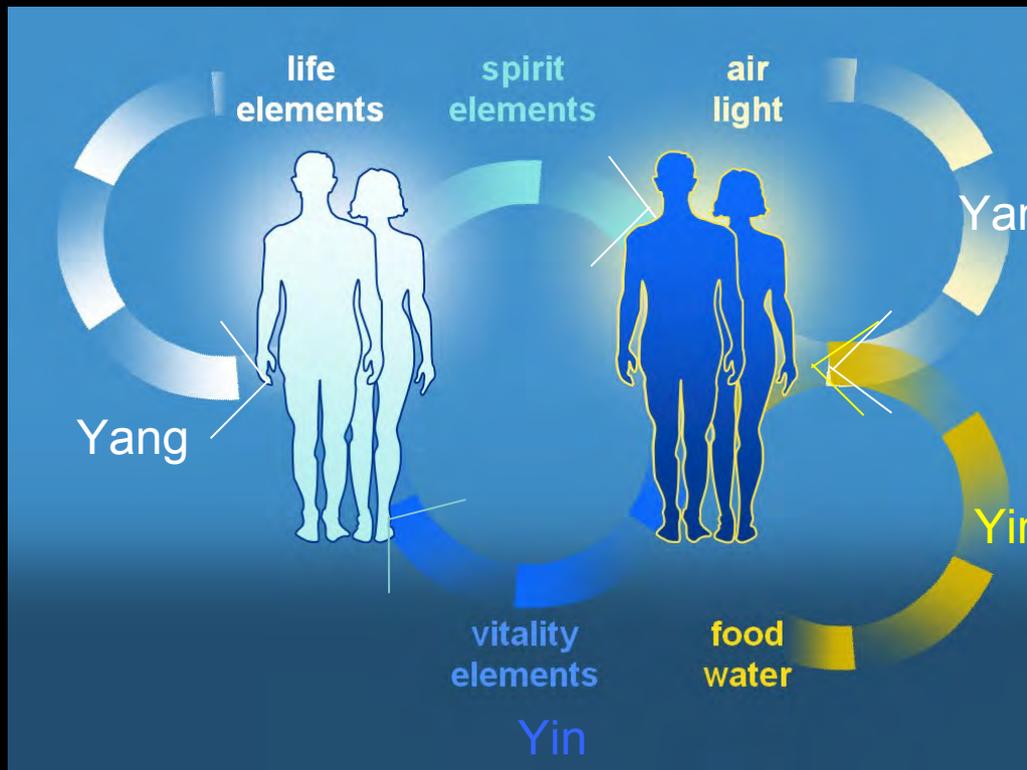

Therefore, the spirit man can neither grow nor be resurrected apart from our physical body.

So in order that spirit men, who passed away to the other world without having perfected themselves in their physical life on earth, might be resurrected, they must come again to earth and fulfill the responsibility they left unaccomplished in their physical life on earth, **through the physical bodies of earthly men**, by cooperating with the earthly saints and helping them fulfill the same mission.

This is why Jude 1:14 says that in Last Days the Lord will come "with his holy myriads".

- You should know that you are like two people in one.
- Your inner man is like a mirror, clean and bright.

On the foundation of victorious completion of 3.6 million and 36 million couple blessings on November 29, 1997, True Parents gave a benediction while holding both hands of Mrs. Hyo Nam Kim representing the spiritual world for opening of spiritual blessing.

With the advancement of the world providence, True Parents prayed that Chung Pyung enable Unification Church members on earth and in spiritual world.

They asked for approval of the blessing in the spiritual world on the basis of restoring eldership, parentship, and the realm of kingship. As such, they declared, in the name of True Parents, the spiritual world's opening door blessing along with earthly completion.

/ Dr. Chang Shik Yang

Now, as we enter the new millenium, you should make the spirits of your ancestors young through ancestors' liberation ceremony and use them to witness to members of your tribes, searching for them in the spiritual and physical worlds.

/SMM January 1, 1999, Punta Del Este, Uruguay

All the Unification members throughout the world should join the Liberation Ceremony for Direct Ancestors of Seven Generations.

In the he age of Jesus, blessing reached up to four generations.

In the age of True Parents, however, you can go over the realm of family only after finding your ancestors up to the seventh generation and performing a liberation ceremony for them.

Halo Sweden 2018

We did not put ourselves in a public position.  
We must remember that we are placed in that position because we are connected with our ancestors' desires and circumstances and God's public benefit.

Therefore, all those spirit men with whom we are historically connected are on our side.

Only if we put ourselves in the position of an offering with more public conviction and loyalty than our ancestors did, will all the good past historical and public connections re-appear today.

## Chronic Asthma Was Totally Healed

Ooshima Keiko is a 46 years old member in Kagawa Region of Japan, who experienced a real elation and joy.

She was under sickness for 22 years without being able to breathe freely.

She visited hospital as often as she visited her own home, because she had a bad case of chronic asthma.

If she neglected to take the medicine, then she would experience a severe suffocation.

When she came to Chung Pyung, she could not sit properly and attended the workshop in a laying-down position.

One day Keiko prayed like this: "Heavenly Father, Please receive me.

I cannot contribute to God's providence because of my sick body, so either please cure me and use me for your Will or let me quickly join the spirit world...

When I prayed earnestly and laid my hands on her, her asthma was totally cured as if it was washed away. Keiko was overjoyed.

She visits Chung Pyung quite often because she can now receive workshop like other ordinary people. She attends workshop sitting down properly as if she had never had asthma.

Keiko can have a new beginning now and she thinks of Chung Pyung as the Garden of Eden where she found a new life.

## Atopy and a Child

A while ago, a child about 4 years old came to the Chung Pyung Spiritual Training Center.

That child had such a chronic case of atopy skin disease that even his bone was bent and hardened.

No matter how much I tried to straighten his bone, it would not budge.

That small child had such a bad case that his body was constantly itching and ooze was dripping from the sores. He was scratching the sores, even forgetting about the pain.

He was scratching the sores, even forgetting about the pain. The reason for bending of his bones was that he had been scratching constantly sitting down, almost becoming a cripple.

I prayed and earnestly tried to cure this child, suffering from this mysterious disease called atopy, by separating the evil spirits and cleansing him with Water of Life, and he was cured and walked out of Chung Pyung, whereas he had been almost like a cripple before.

## A Second Generation Child Could Not Be Cured even by a Surgery

A Second Generation student had received a surgery at the hospital but was in pain because gas did not come out after the surgery and his intestine was tangled up.

His father felt strange that his condition did not improve even after the surgery and his pain continued.

His father thought that perhaps this was a spiritual problem, and he requested help from Chung Pyung.

I ran to him, leaving behind many busy tasks, since he was a Second Generation child.

However, the hospital did not allow a spiritual treatment, nor did they allow this child to go outside the hospital.

This student had a problem on the left side of the intestine below the belly button. That area was opposite of the part that received surgery.

Evil spirits were biting and squeezing that bad part of intestine.

As soon as I removed evil spirits from that area, he wanted to go to bathroom.

As that knotted part of intestine was disentangled, gas came out.

People around him were surprised by how loud the gas sounded but it was a joyful surprise.

He became much better and able to go to school.

The healing was not possible even after a part of his intestine was removed by the medical intervention.

Evil spirits full of resentment tormented him, laughing at the power of modern medicine.

The evil spirits who attached themselves to this student cried out, I can never come out. I can finish him off in a few days when he will have another surgery..."

That was a cry of this resentful evil spirits who wanted to take his life away when he received the second surgery.

Of course, not everything is caused by spiritual problem.

However, you will find yourself in trouble when you try to solve a spiritual problem by science only.

## Evil Spirits Attack an Unborn Child

Those who are pregnant feel the joy of bearing a child but at the same time are concerned whether or not their baby will be born normal without any defects.

They worry if their baby will be all right.

Not only blessed couples but all pregnant mothers and fathers have this kind of worry.

There are many causes for birth defects.

I always pay special attention to pregnant women who visit Chung Pyung.

One day, seeing an unborn child in a dire situation, I prayed earnestly and pleaded with God, saying, "God, should your child be born in such a terrible form? If you can help, please help."

On the next day, I heard that the pregnant sister felt acute pain and had a miscarriage.

When I visited the hospital and saw the miscarried fetus, it was severely deformed.

There are many cases among the Japanese sisters where atopy disease gets inside their womb.

If there are evil spirits attacking an unborn child, there is a high probability of that child having atopy, autism, or deformity.

I have seen that when members came to Chung Pyung and diligently separated the evil spirits, these problem gradually disappeared.

## Sao Paulo – Brazil – 2019

“I attended the workshop to do an individual liberation and liberations of three friends.

While I was traveling to Sao Paulo for the workshop, I had a dream in which many people with white robes were together, collecting precious things as if they were treasures.

When it was my turn to collect treasures, there was almost nothing there, just 4 porcelain vases.

There was a beautiful blue, white and gold porcelain vase, and three smaller vases next to it. I didn't understand my dream, but today when I talked to a sister, she said to me, "Your dream is very clear.

The big vase was you, the three smaller vases were your friends, whom you liberated."
