...myriads of His holy ones - Rev 5:11
Heavenly Parent's Holy Community

According to the Principle of Creation,
the growth of the human spirit requires
two kinds of nourishment:

life elements received from God and
vitality elements
received through give and receive action
with the physical self.

Spirits can neither grow nor be resurrected apart from a physical self. Consequently, the spirits of people who died before they could reach perfection during their earthly life can be resurrected only by returning to earth and completing their unaccomplished responsibility through cooperation with earthly people.

By assisting people of faith living on the earth to fulfill their missions, the spirits may complete their missions at the same time.

Herein lies the meaning behind the verse which foretold that in the Last Days the Lord will come "with his holy myriads."
(Jude 14)

We call this process **returning resurrection**.

“

To have true love is to love
that which cannot be loved.

A person living in true love
cannot help but love even his
worst enemy.

True love is a sacrificial love
that enables a person even to
lay down his life for another.
Thus, within true love we are
able to completely transcend
all dissension and conflict, not
only among individuals, but
also in societies and nations.

These will all pass away,
and we will have true peace.

*For the first time, I am opening up a window into my life.
I do so with the hope that the story of this life, lived in accordance
with God's love, will inspire in others the same mission,
passion, devotion and dream.*
