Summary

Background

A human being is composed of an outer form, the body, and an inner quality, the mind.
The body is a visible reflection of the invisible mind.

The universe was created after the pattern of a human being, who is in the image of God's dual characteristics. Therefore, the structure of the universe and every entity in it resembles that of a human being, which consists most fundamentally of mind and body.

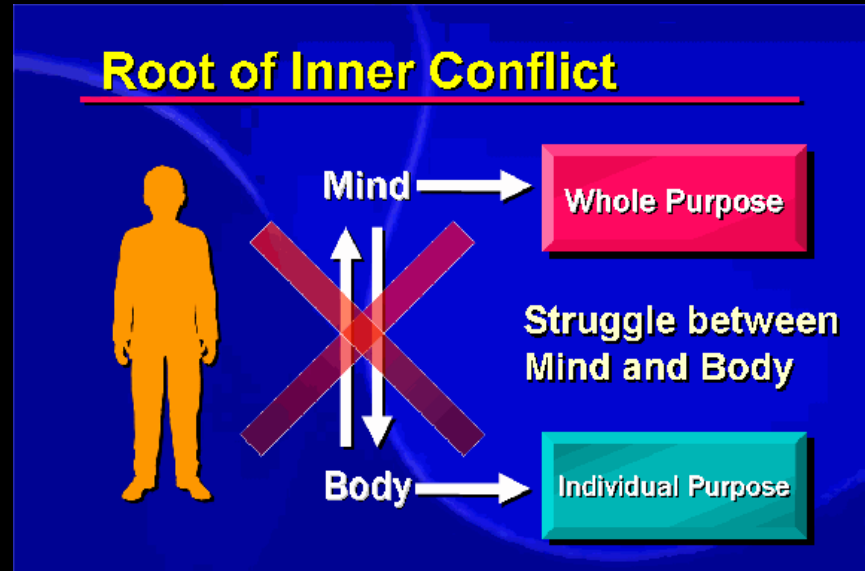

Corresponding to the human mind and body, the universe consists of the incorporeal world and the corporeal world, both of which are real and substantial.

Background

Division

Division

Divided Korea = a reflection of the Human Mind-Body conflict

The Archangel Gabriel will blow a sacred trumpet to wake the dead at the Last Judgement

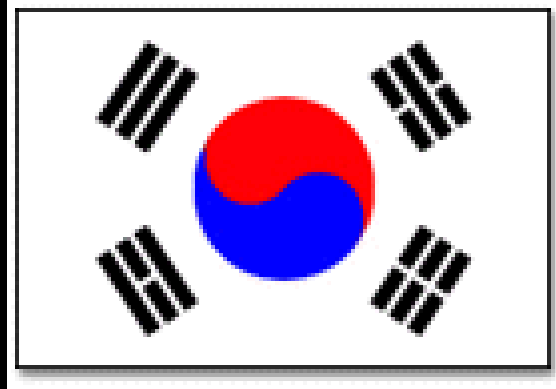

Unified Korea has the shape of an Angel blowing a horn!

1 Thessalonians 4:16-17, "For the Lord Himself will descend from heaven with a shout, with the voice of the archangel, and with the trumpet of God; and the dead in Christ shall rise first. Then we who are alive and remain shall be caught up together with them in the clouds to meet the Lord in the air, and thus we shall always be with the Lord."

Korean flag

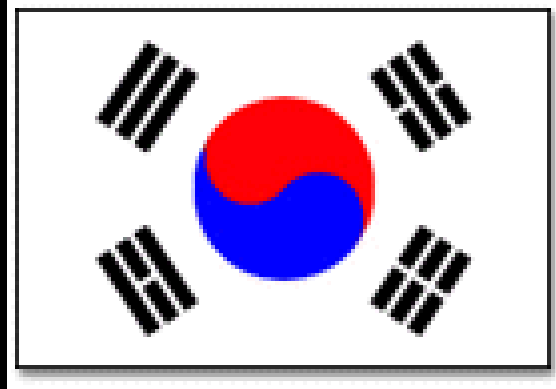

The Korean flag is called taegukki.
Its appearance symbolizes
the principles of yin and yang in Oriental philosophy.

The circle in the center is divided into two equal parts.

The upper red section represents the "positive" cosmic energy **yang**.
Similarly, the lower blue section symbolizes, the "negative" cosmic
forces **yin**.

The two forces together embody the concept
of perpetual motion and balance and harmony
that characterize the eternal realm. (KoH)

Each trigram symbolizes one of the four universal elements (from top left around clockwise):

<u>Name</u>	<u>Property</u>	<u>Element</u>	<u>Family relationship</u>
Ch'ien, the creative	- strong	- heaven	- Father
K'an, the precipice	- dangerous	- water	- second Son
K'un, the host	- sacrificing	- earth	- Mother
Li, connects	- is brilliant	- fire	- second Daughter

Why Korea as the chosen Messianic Country

Ex. The language Hangul was received as revelation.

King Sejong is one of the greatest leaders in all Korean history.

He is often referred to as one of the most outstanding exemplars for those in the Korean business world.

Pyongyang
1st attempt

Moon taught that Korea was the second Israel and that the return of Jesus would take place in Korea. But, he said, the return would not happen in either the spiritual or supernatural way that Christians tended to expect. He said that, just as the mission of the Old Testament prophet Elijah passed in the time of Jesus to John the Baptist, so the mission of Jesus would pass to another.

Pyongyang in 1946 was still a dynamic center for Korean Christianity. Denominations which had been banned by the Japanese had re-established themselves. There were churches everywhere. Christians called the city the **Jerusalem of the East**. But the writing was on the wall, as the Soviet-backed authorities began breaking up Christian power.

Q: What is our connection, if any, with the "Universal Link" group in England, and who is he who calls himself "Truth"?

Answer: "Universal Link" is a group that plays the role of paving the way. Their mission is to bear witness to the existence of the spirit world.

He who calls himself "Truth" is a spirit who manifests himself in the name or through Jesus.

This group will show the spiritual world to the people.

Universal Link in Denmark

Background by Erika Gubser, German missionary to Denmark;

It was in a very spiritual way that we met Knud Weiking.

"The New Life Singers" (a group of members from different countries) and I were on our way to a retirement home to perform. We stopped right at Knud's house to ask about the road! Can you imagine that! He then told me about his work with Universal Link, and later sent me the following texts.

This was confirmed on March 10 in an almost dramatic way by what happened next; just as I was finishing reading a letter and a press release with Anthony's (A. Brooke) prediction that Sun Myung Moon's name will be known all over the world - just at that moment Sun Myung Moon visited us here with me, by , clear voice, through Kathleen's mouth say "I am Sun Moon".

I wrote directly to Anthony (Brooke) and told him about this amazing experience. Anthony read my letter to Sun Myung Moon, who immediately confirmed that he was the one who had visited us.

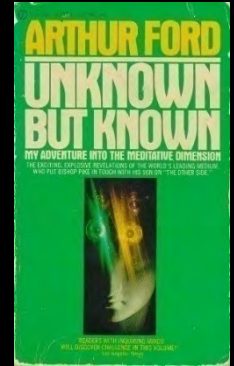

Quote SMM:

It is under my spiritual dominion that these phenomena appear (my Spiritual appearance in different forms), so I can appear to a thousand people at once.

What I am doing is affecting the whole world.

Therefore, whenever I make condition or do something, unusual things happen in the external world.

And he has the rare quality of projecting himself, which isn't a miracle really.

Mr. Moon in deep meditation can project himself and be seen just as Jesus has been able to project himself and be seen by the saints.

This is one of the marks - of the messiahs always.

One Vision – 1985

One goal, one golden glance of what should be,

It's a kind of magic,

One shaft of light that shows the way,

No mortal man can win this day,

It's a mind of magic,
The bell that rings inside your mind,
It's challenging the doors of time,
It's a kind of magic,
The waiting seems eternity, yeah,
The day will dawn of sanity,
Is this a kind of magic,
There can be only one, (Messiah – Christ – LSA)

This reign that lasts a thousand years (Biblical)
Will soon be gone,

Chapter 3

Why Godism?

Shimjeong (Korean) = **Heart, Sentiment** (mood) and **Deep love**
(before the Fall) all 3 together.

Heart (Shimjung, in Korean) is the essence of God's personality
The essence of his Sung Sang. Heart is the most vital part of
His nature, such that all other attributes in Him are what they
are and do what they do solely because of the attribute.

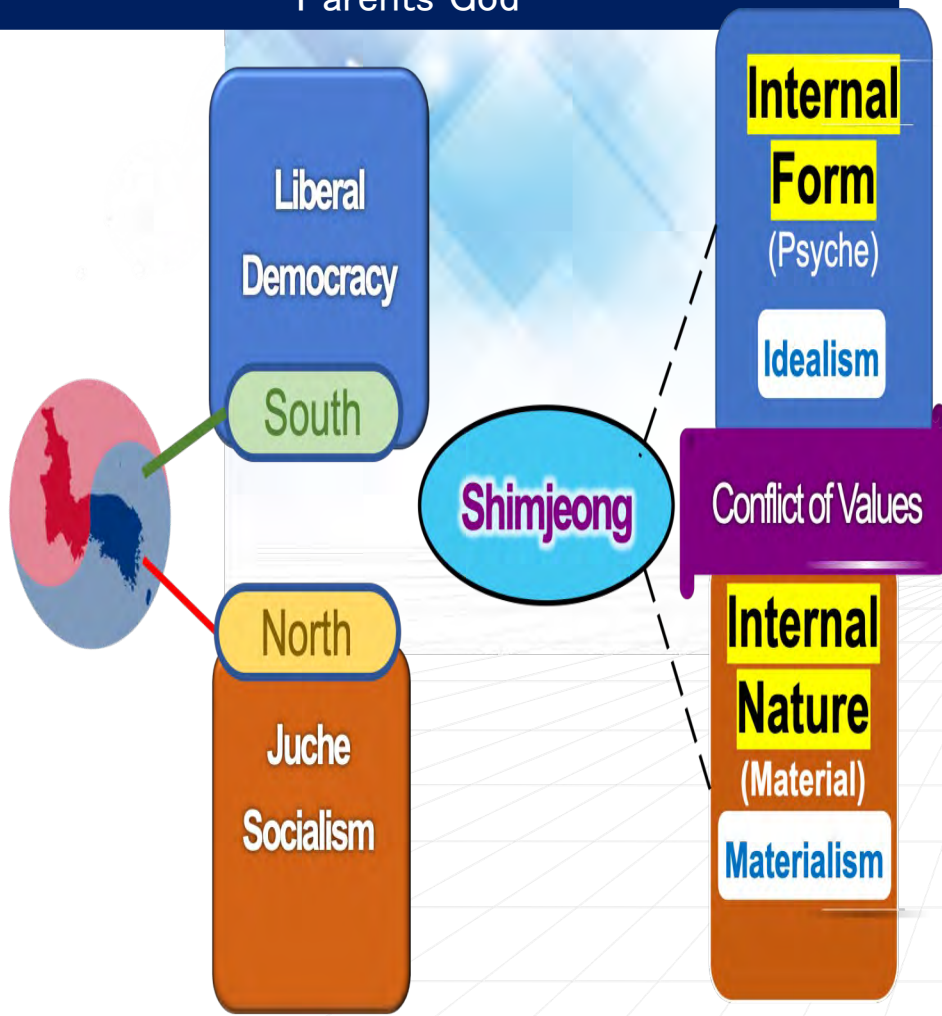

Heart is the impulse to love and to be united in love with
the object of its love. For this reason, Heart is said to be
the source of love, and at the same time is the chief motive
behind love.

God's Heart has within itself its own purpose;
so it is through God's love, through his Heart, that
The Principle (Logos) is expressed. /DP Level 4

Liberation

Democracy's
"Freedom of
reason"

Socialism's
"Return of
alienated
labor"

Democratic human liberation pursuing freedom loses freedom due to this struggle of all and faces a crisis of human liberation that binds each other.

- ❖ Socialism is the only real human liberation of proletariat through the class revolution. Liberation through this class revolution is not true human liberation because it is a violent revolution that promotes endless hatred, restraint, and destruction between humans.
- ❖ The principle of human liberation is neither freedom by democratic reason nor the recapture of the alienated labor of socialism. The principle of human liberation is the shimjeong of God, the True Parent.

Godism: One God, One Conscience

3 Great Subjects

Family: Parent
School: Teacher
Work: Owner

Conscience: 3 Subjects centered on one

Theory of Eternality of Human Body

"Human Independence achieves Socio-political life"

"Human independence to live independently as the owner of the world and self-destiny constitutes socio-political life. In other words, it is a person's socio-political life that tries to live as the master of fate."

"Unlike physical life, socio-political life is not finite, but infinite and eternal. The socio-political life is led by the party as a member of the socio-political life, which is the unity of the leader, the party, and the public. And only when you have a **blood-related connection with the leader** through the party will you have life."

Juche Ideology Theory of Leader and Doctrine of God

1. Juche ideology inherits the socialism of Marxism-Lenin
2. Succession of humanism as the owner of the world and self-destiny
3. Succession of nationalistic elements that absolutely value the nation
4. A savior who gives the lives to the people's public and the party
(succession of religious elements)

Theory of Leader of Juche Ideology

The leader is the one who innovatively inherits Marxism-Leninism, the ideological basis of existing socialism in Juche ideology. The highest incarnation of love, which clarifies a person's fate problem to ensure the dignity and value of a person at its best, leads people to eternal life, and gives them socio-political life, is also the leader. The savior of national destiny and the central point of national unity is also the leader."

"Mr. President, you have already achieved much success through perestroika, but that alone will not be sufficient for reform. You need to immediately allow freedom of religion in the Soviet Union."
