Channeling  
Part 3 of 3

Gods Will  
HSA-UWC Legacy

First and most important Channeling  
1935 in Korea  
Anointed by Jesus

On Mount Myodu in Jeongju, early Easter morning 1935

Jesus said 'Mr. Yong Myung Moon. Let us go and receive the Blessing.'

## Why Channeling;

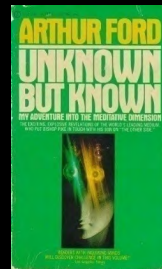

Jesus needed to  
continue spreading  
his Gospel on Earth  
(Saul...became  
St Paul **voice on Earth**)

"The purpose of the coming Lord  
is that some day ...  
all shall be like him - like Christ."  
/SMM 1965

It takes not one man in a little  
country to be a John the Baptist,  
but many men in many countries  
to herald the coming. /Ford-sitting  
1965

## Why Channeling;

Sun Myung Moon is the one I have been talking about. I have been speaking for a group of people here.

This group seems to surround him.

And the power that flows through him, the intelligence, is not just one - it is a great group of people.

And they seem all to draw their inspiration and their knowledge from One Source - and then they seem to pour it symbolically into a pool and in some strange symbolical way that pool becomes Sun Myung Moon.

## Apostle Paul Lifetime -1962-2001

Through acoustic medium  
Lucarde - California 1962

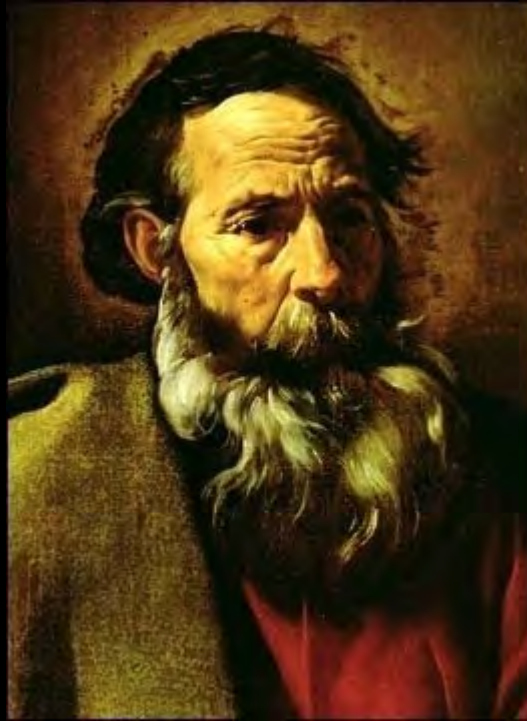

According to the Principle, indemnity is not accomplished in a short time. For this reason, if a person B, the second chosen person, does not indemnify, the next person C is chosen for coming again. So eventually, Paul will have returned through C. If B were to leave a message or were to do something, he would say that he is working with Paul's assistance now. Likewise, C in the next age will also say in the message that he is working with Paul's assistance and that he is even Paul himself. This way, it looks as if Paul's spirit appeared in B and again in C around the world. /SMM CSG 2006

... through the original sin  
none is righteous,  
**NOT ONE PERSON.**

Rom. 3:10

It means that all have  
a common guilt,  
a common sin.

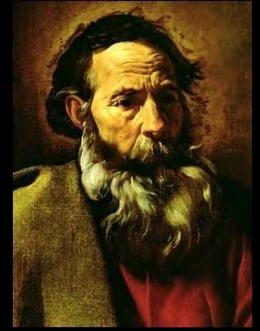

Apostle Paul  
1962

**1962:** I bear witness to the fact that **the Old Testament and the New Testament combined are not sufficient to live by** in the New Cosmic Age we have ascended into.

To be saved, every man, woman and child must commence their mission before they leave this earth plane. And before they can do this they must find the reason for the original sin and what original sin is.

Perfection and resurrection can only be achieved through work and that work must be done in the body, the spirit of Truth demands it.

Apostle Paul  
2001

Paul 9.11.2001 "I recognize the importance of human responsibility."

Now after learning the Principle, I became even more confident that the Apostle Paul's traditional view of God was very mistaken.

We necessarily should have attended God, the resurrected Jesus and the Messiah.

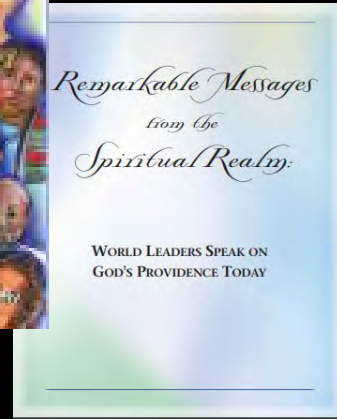

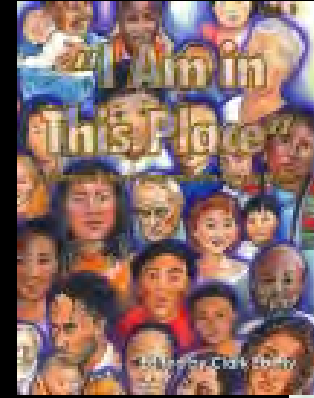

Individual responsibility of 100% is of tremendous importance for God's providence.

I promise to study the Principle and lead Christian believers here in the right direction. I have been making thorough preparation for accomplishing my assigned mission

# Jesus 1935-1970s-2001 Now

Then I found myself walking in a dark corridor, at the end of which I saw a light. Getting closer, I saw in that bright light the face of Jesus. Then Jesus' face changed into Sun Myung Moon's face. I had the strong feeling that it was the same heart; only the external appearance changed. I felt profoundly happy!

/Elisabeth Schneider 1974

After the first lecture I was asked to pray about it. After seven days of praying, Jesus appeared to me with Father Moon beside him. Then Jesus went behind Father Moon and into him.

This was not a dream. This occurred while I was praying on the last day of that prayer and fast. Then I knew that God and Jesus had sent Father Moon.

If you fluctuate between extremes of thought you will draw forces from both sides of the scale – negative and positive. They will do battle over you to form tighter bonds, one to pull you down and one to pull you up.

Some spirits are drawn to sheer energy, not truly aware what they do.

Still others are positive but over-excited, and go over the boundary of common positivity, causing their counterpart on earth to suffer these extremes. (Bipolar)

As you think so you become. Your thoughts — positive, negative, or a combination — directly determine the level and quality of your overall life energies. ## The New Age Is the Christ Age

Today a new age is dawning. Many call it the Christ Age. But few realize just how much of the Christ Age it truly is! The Second Coming is at hand, and this and this alone makes this age the new age. Otherwise, what is truly new? It is the Christ Age also because when He comes He comes to lead all men and women, both on earth and in spirit, to their highest self — the Christ self.

## To Attain Self-Mastery, Serve and Be Served

Life needs many helpers. *None* — and I want to greatly emphasize this word “none” — none of us becomes spiritually mature without the help of countless souls on earth and in spirit. One of the major lessons of self-mastery is that we need others to achieve this goal. It is only in human society that we can know and practice the art of loving and perfect this art. Without others, whom shall we love and who shall love us? Oh, how we need each other!

Above all we know we have no position unless it is a position in relation to other souls. We are a chain of servers of humanity. And we return to the earth plane knowing consciously and uncounsciesly that we need others for our perfection.

We learn quickly that as we serve we learn we grow, we expand - we find God, the lover and server of all, within us.

We discover true life. That is so apparent here.

We discover the true joy which comes from the loss of the memory of self as we serve.

We see that this is the cure-all to all ills of the human soul and is reflected in the body.

Our body (Spiritual and Physical) is cured as well.

It is all so *simple.*

If the lights in a room were completely turned out, then no matter how bright our clothing or other objects in the room were, we wouldn't be able to see them. This is a very important Testimony about Lord of the Second Advent.

Nostradamus predicted already 500 years ago a future Second Coming in the East.

This African Testimony from 1916; also done before SunMyungMoon was born and from 1921 when he was only 1 year old, was long before he accepted his Messianic mission 1935...

Similar in many ways to the Old Test. prophecies about the coming Jewish Messiah being born in Bethlehem.

In particular, after True Father's (SunMyungMoon) arrival some people began receiving revelations about him.

These devout believers found him through the guidance of those in the spirit world. /CBG

Many of those who came had been long prepared for the coming of True Father, and among them were people who had been prepared to receive True Father from EVEN BEFORE HE WAS BORN.

The spirit world transcends time and space, and the connections of the world of the heart are linked in mysterious and profound ways.

### Extraordinary Messages from Heaven

One of the mediums from Moderna was very different.  
This woman, Lidia, was blind.

I put into her hand a bell from Father's wedding cake and  
asked her what it was.

She looked most perplexed as she began to receive  
heavenly messages.

At first she could not believe the messages as they were  
so incredibly unusual, then she said,

"Yes, God has a basis on earth through this man; divine  
marriage; no one can stop him."

Il Vero Amore (True Love)*

December 21, 1979 Rome.

Daniela (medium): We want to ask you how  
the Movement [the Unification Church]  
will develop.

Horward (in spirit world): The truth is the truth.  
The Principle shall continue. I already told you that.  
It will develop even more after the year 2000.

It is not important whether the person who revealed it will still be alive at that time. (SMM passed over 2012)  
I tell you, he shall work more freely and will accomplish more when he is in the spirit world than while he is on earth. (*Prophecy made 1979*)

Italian beginning by Dr. Martin Porter

I felt a vibrant vitality from everything surrounding me.  
I knew because of the truth, something dramatic had changed in my life.

As I prayed and read the Divine Principle,  
I began to have deep insights into its meaning.

When I prayed about Jesus' incomplete mission, he appeared to me together with True Father and told me that True Father was completing his mission on earth.

In the early days in Rome, we had many deep spiritual experiences.

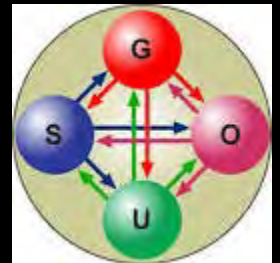

Every Sunday morning in the summer, we prayed outdoors from midnight to 7 am. at a place called Monte Porzio.

One particular experience happened at 3 in the morning: a small sign of Omega appeared over the city of Rome, and as it came toward us it grew bigger and bigger until it covered about two-thirds of the night sky.

This incredible vision lasted three or four minutes, and all of us praying on the mountainside witnessed it.

Another night at the same place we saw a bright burst of light in the sky – a tiny dot at first, which quickly grew to the size of the moon.

Very soon after, another burst of light appeared and another and another, forming the base of four positions in the sky. The last burst of light turned pink, while the others turned gold and green-it was so beautiful!  
Again, we all saw this vision; there was no mistake.

We had so many experiences on that hillside outside of Rome.

Rev. Bo Hi Pak

Korean War encounter;

I looked up and saw an old burial mound in front of me. If I could get to the mound, I could use it as cover against the bullets. Already, though, my squad leader and three of my companions were crouched behind the mound. Still, it seemed like my best chance to stay alive, so I began crawling with all my strength up the slope toward the mound.

When the squad leader saw what I was doing, he started motioning with his hand. He was giving me the order: "Don't come here" He was telling me the place was full and there was no space for me. I stopped crawling. It was a life-or-death situation, and I resented the leader for telling me to stay back.

"How could he do such a thing?" I asked myself.

Just at that moment there was a sound like lightning striking the ground, and the whole area was covered in smoke and flying dirt. The pressure of the explosion was so strong that I thought it would break my eardrums.

"What's happening?" I thought.

When the smoke had cleared, I lifted my head and looked around.

"Wow! What's this?"

A mortar shell had exploded right on the burial mound where the four men were taking cover. When the smoke cleared, my four compatriots were nowhere to be seen.

"Oh, no. They took a direct hit!"

Just five seconds before. I had been trying to get to where they were. Had I succeeded, I would have been blown away with them. The squad leader who told me to stay back actually saved my life.

"What a strange twist of time. It must be the benefit of Mother's jang-kwang prayers." I thought. I cried out "'Mother!"

This was just the first of several instances during the war when my life was miraculously saved.

I wrote directly to Anthony (Brooke) and told him about this amazing experience. Anthony read my letter to Sun Myung Moon, who immediately confirmed that he was the one who had visited us.

## Testimony 2008

The next time I came, they led me to the study room and gave me a book written by Dr. Young Oon Kim, introducing the Divine Principle revelation.

When I read the passage about the similarity of the time of Jesus' birth and the Second Coming, I started to joke about this "nonsense."  
In the next moment, I was stunned.

I saw Jesus pass through the room, saying, "I am in this place!" Then he disappeared as he had entered. A wave of peace settled around me.

In the following days, I was so concerned not to make a mistake. When I knelt down to pray to ask if this was really the truth, it was ringing from all sides, “Yes! Yes!” and God chastised me gently, “Why do you ask me again? This was my answer.”

From that time on, I started to study the Divine Principle and Reverend Moon with a calm mind and the assurance that God and Jesus had led me there.

- **The Spiritual World will be visibly active on the earth plane. New information will become accessible, giving firm evidence for the continuity of life after the physical change called death.**
- **This will occur on two levels:**
  - 1) **Many will have "spiritual experiences" that they cannot easily explain away.**
  - 2) **There will be technological advances to show irrefutably "something more" beyond the material, visible world.**

# 2023 Prophecies

**Claire Daugherty**

- The first step will be new understanding of the electric/magnetic fields around all living things. Although these invisible energies are extensions of the PHYSICAL form, they are not visible to the naked eye.
- This new understanding will stretch the boundaries of hard science helping some with a very limited, material view of reality recognize there is "more" to research and discover.
- Some of these major breakthroughs will be in the field of Physics and Electrical Engineering. Some of these new understandings or discoveries will be accidental or unintended much like the story of post-it notes.

True Father was sent as the Messiah,  
and together with True Mother they  
became the True Parents of all mankind.

The Messiah is not just a man, but a woman as well.  
The Messiah(s) in the real meaning is True Parents.

Because full salvation can only come from True Parents,  
not from a man alone. That is because  
the fall involved a man and a woman.

True Parents did not just come to establish a church or an institution.

They came to establish the true love movement, through which God can pull all mankind back to Him.

This true love movement is now called

**Heavenly Parent's Holy Community,**

which in the end everyone is supposed to join.

As was explained in "The Principle of the Creation," the Creation was made with the structure of the perfect human beings as the model. The ideal world, consisting of perfect persons, would also have resembled the structure and function of a perfect human being.

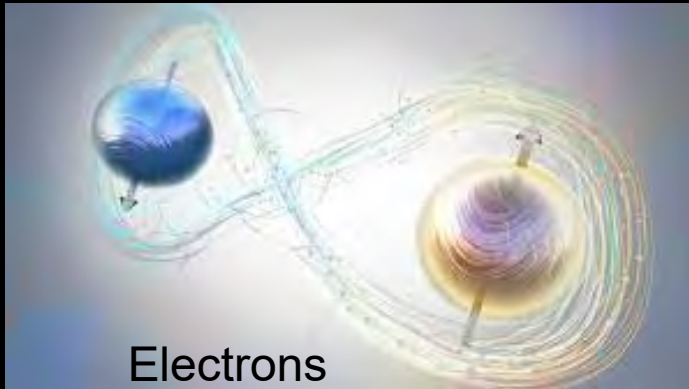

Just as the cells and organs of a human body move according to the command of the brain, the people and organizations in the ideal world would work (channeling) in accordance with the Will of God...it would not be difficult for an ideal human being to follow the Will of God. Just as commands from the brain are transmitted to all parts of the body through the peripheral nervous system, centered on the spine, the directions from God will reach (channeling) the entire society through the saints, centered on the Messiah, who comes as a True Parent. /DP Level 4 1980

Physically impossible; nothing is faster than light.

But with Spiritual laws. (no mass involved)  
Faster than light Yes – in Spirit world!

We are coming to the stage in which the spirit world will be officially and automatically recognized.

That is an amazing fact. I think that it is a good opportunity to have something that should be scientifically provable but is not. It sets the stage for the beginning of the four-dimensional world.

As the material world reaches its boundaries, the spirit world becomes clarified automatically.

There is no boundary. Is there a boundary between the spirit world and our heart? Our heart resembles the spirit world. Our senses differ in degree though not in kind; consequently, we are called spiritual beings.

/SMM 1976.2.8

Since human beings are the lords of all creation and have the same sovereignty and relative position as does God, who is spirit, the range of human activity also has to be the same as God's.

The speed of electricity or light is 300,000 kilometers per second, but human beings can move faster than that.

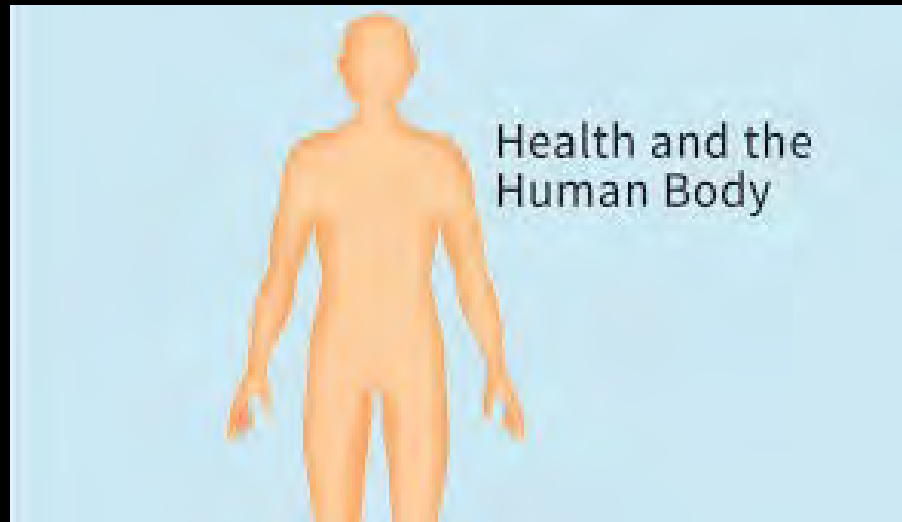

How is that possible! With the **spiritual body**. Even though I am standing here now, my spiritual body has already been to New York. Did you see that? Faster than lightning. The spiritual body can move at the speed of thought. /SMM 1981

Jerusalem 2003 - Seoul 2008 - Paris 2021

You cannot make a sound by yourself.

There must be a reciprocal relationship. A wave cannot arise by itself. It arises through a reciprocal relationship.

As for electromagnetic waves, there are spiritual waves and physical waves, produced by reciprocal movements of entities on the earth. In the world of heart, "heart waves" are emitted. These are "waves" of moral concepts centered on the edification of human character.

As for the body, there are carnal waves of corrupt thought systems that insist upon thinking that I am number one, that exalt selfish individualism.

These carnal waves do not cause transformation in the world. Rather, they follow transformations that take place in the world.

Similarly, heart waves follow transformations that take place in the spirit world. Because of this, there must be a world of the mind and a world of the body that lead the heavenly waves and the worldly waves respectively.

Accordingly, waves that perfect the heart waves should become the mainstream of the Internet.

They should unite the world of the mind and the world of the body completely to create harmonious and peaceful unity.
