SMM: Healing practices, including traditional methods like acupuncture, are often viewed through the lens of holistic health and the belief in a divine balance within the human body.

In many of my teachings, I emphasized that physical well-being is closely tied to spiritual and emotional health.

The importance of harmony and balance in all aspects of life, including our physical bodies, echoes throughout my messages.

I often stated, "**True health** is achieved when body, mind, and spirit are in harmony," which nurtures a comprehensive understanding of well-being.

Healing can mean many things,
from mental-spiritual-physical improved health,
to the highest healing possible
becoming a Divine Spirit on par with Jesus Christ.
(takes up to at least, 3 generations of Blessings)

Jesus does forgive Sins - Yes!, during 2000+ years
still no Sinless Mankind have developed since Creation.
No new blood-lineage.

Background:

Not without reason in normal church Marriage vows are the words ...till death do us part.

No Marriage have ever been recognized as Holy and everlasting also after Death.

Jesus also left the keys to Kingdom of Heaven... on Earth. For the Second Coming of Christ to pick up!

Q: How does healing work
reference speeches you quote on this

A SMM: Healing, in the context of my teachings, encompasses both spiritual and emotional restoration, as well as the physical aspects of well-being.

It is a profound journey toward wholeness that recognizes the interconnectedness of the heart, mind, and body.

Here are key principles of how healing works, along with references to my speeches:

A SMM: 2. *Restoration of Relationships*:

The healing process involves mending broken relationships. I have often stated, "The restoration of family bonds is the foundation for healing in society."

During my address at the "International Conference on the Unity of Korea," I emphasized that unity among families leads to a culture of peace and reconciliation.

A SMM: 3. *Prayer and Spiritual Connection*:

Engaging in prayer and deepening one's relationship with God is essential for healing.

In my speech at the "World Peace Conference" in 1999, I noted, "Through prayer, we connect with the divine source of healing and are nurtured by God's love. It rejuvenates our spirits and empowers us to overcome our suffering."

A SMM: 4. *Self-Reflection and Growth*:

Healing requires personal responsibility and introspection.
I shared in my address at the "Youth Assembly for the
Restoration of the Nation" in 1996;

"To heal, we must look within ourselves and confront
the aspects of our lives that have caused pain.
Growth comes from understanding our missteps and
striving to align ourselves with God's will."

A SMM: 5. *Community Support*:

The role of community in the healing process is crucial.

As I remarked during a gathering in 2002,
"True healing occurs in a supportive environment where individuals can share their struggles and receive love and understanding from others."

This highlights the importance of a connected community in the healing journey.

When individuals come together, they create a safe space that fosters open dialogue, empathy, and mutual support, which are essential for healing.

A SMM: 6. *The Role of True Parents*:

True Parents embody the essence of love and restoration.

In my speech at the "International Blessing Ceremony" in 2005, I stated, "Through the presence of True Parents, healing is facilitated, as they serve as a channel through which divine love flows into our hearts and families."

True Parents provide a model for how to embody love and compassion, encouraging individuals to open their hearts to one another and to God.

A SMM: Through the blessings and teachings offered by True Parents, individuals gain access to the transformative power of love.

The spiritual lineage established through True Parents allows for the healing of past wounds and encourages each person to fulfill their divine potential as they heal and grow together.

Now-2024

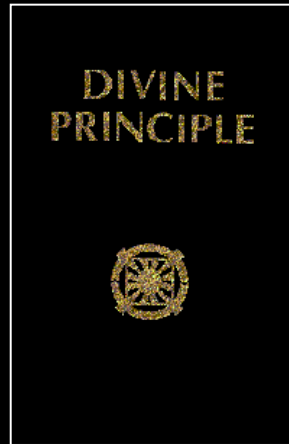

Messiah(s); True Parents & Jesus – Cosmos
is like having 3 x Jesus; 1 on Earth and 2 in Spirit World

A SMM: In summary, healing is a multifaceted process that involves true love, forgiveness, personal responsibility, community support, and the guiding presence of True Parents.

Each of these elements is interconnected and essential for fostering a holistic approach to healing — one that taps into the depths of the human experience and leads toward a future filled with hope, unity, and divine purpose. (/end quote)

Introduction

Everyone is struggling to attain happiness and avoid misfortune.

From the commonplace affairs of individuals to the great events that shape the course of history, each is at root an expression of the human aspiration for ever greater happiness.

/Intro Divine Principle

The Subjective Role of the Spirit World

One reason to learn about the spirit world is to better understand how spirits affect life here on earth.

Spiritual influences can bring luck or cause misfortune.

The Divine Principle, however, clearly presents only one sort of predestination for human beings:

God's predestination of prosperity and success for the person who fulfills his portion of responsibility.

Mark 16:17

And these signs shall follow them that believe;
In my name shall they cast out devils;
they shall speak with new tongues;

Acts 8:5-8

5 Then Philip went down to the city of Samaria, and preached Christ unto them.

6 And the people with one accord gave heed unto those things which Philip spake, hearing and seeing the miracles which he did.

7 For **unclean spirits, crying with loud voice**, came out of many that were possessed with them: and many taken with palsies, and that were lame, were healed.

8 And there was great joy in that city.

Health - Judaism

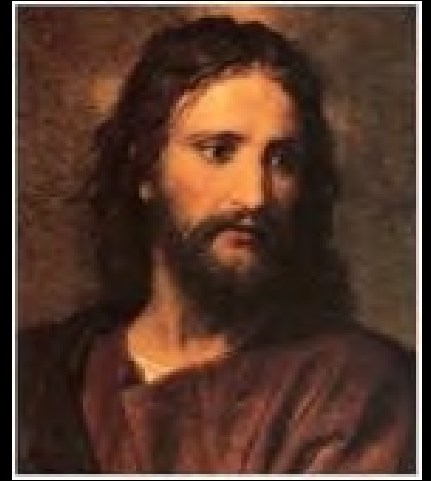

All religions encourage their followers to lead a healthy life style.

The word "health" is related to the words "whole", "hale" and "holy".

In the Judaic tradition, there was no division between body, mind, soul or spirit.

A human being was considered a whole, a unit, not to be divided in better or worse, good or evil parts. To be healthy meant to be pure physically and morally, and to stay healthy was considered a religious command.

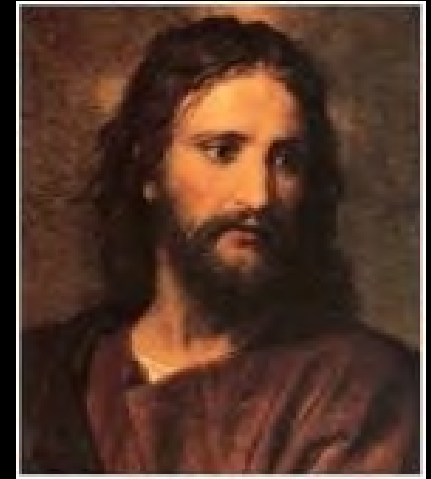

"The neglect of one's health was regarded as a sin."

Jesus came out of this tradition.

For him every person was a whole as well.

When someone approached him,
he dealt with him or her as one:

"Nowhere in the New Testament does it say
Christ came to save souls;
he came to save human beings — body and soul."

There are more accounts of Jesus healing the physical body
than Jesus forgiving sins.

Jesus casting out demons!

Exorcism

Matthew 8:28-34

Some men came, bringing to him a paralyzed man, carried by four of them. Since they could not get him to Jesus because of the crowd, they made an opening in the roof above Jesus by digging through it and then lowered the mat the man was lying on.

When Jesus saw their faith, he said to the paralyzed man, “Son, your sins are forgiven.” Mark 2:1-12

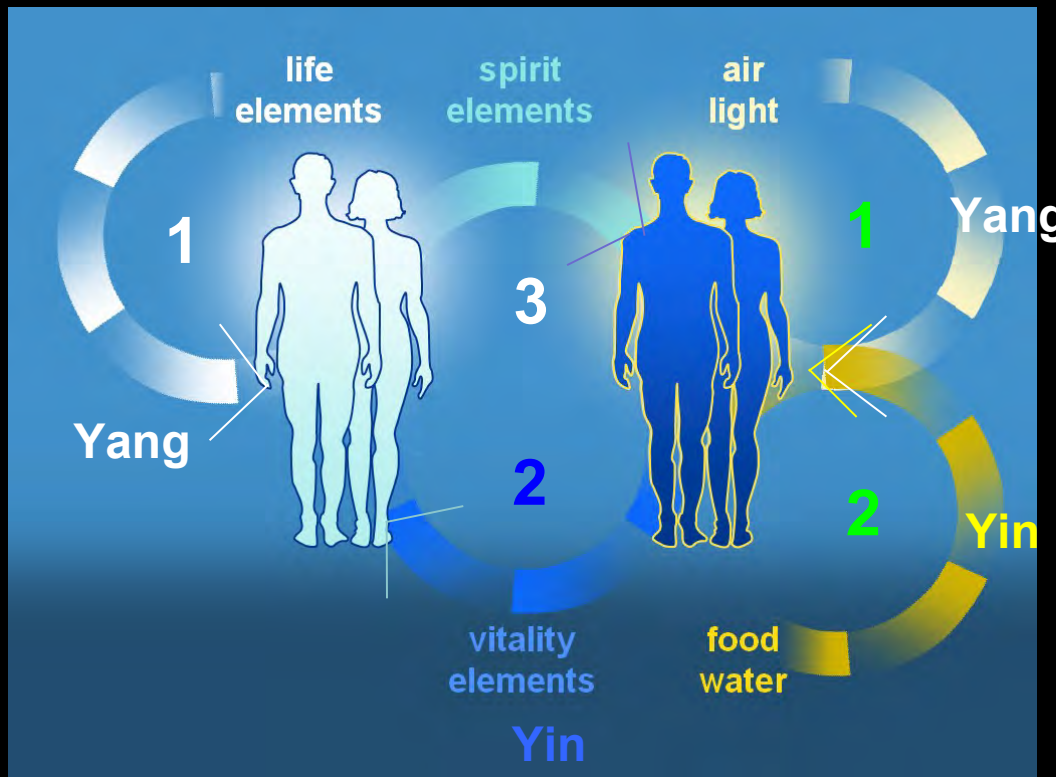

Comment: This clearly shows Jesus could forgive Sins and did so even before Crucifixion

“Returning Resurrection”

After all, the inhabitants of the spirit world are the souls (Spirit Self) of people who formerly lived on earth.

From this perspective, the spirit world is not so different from the physical world.

Large crowd attending Branham's Lima campaign

Excerpt from *The Lima News* January 18, 1957
by Healing and Revival Press 2006

**William Branham
1909-1965**

An American Christian minister, usually credited with founding the post World War II Divine Healing Movement.

William Branham USA had been hearing voices since he was seven years old. Finally, in May of 1946, Branham was commissioned by an angel from God to be the forerunner of the Second Coming of Christ.

One of the more radical beliefs of the group is that of Serpent Seed which states that the first sin committed occurred when Eve engaged in sexual activities with the Serpent in the Garden of Eden thus causing "the fall of man."

Prof. Young Oon Kim
1950s

" After arriving in Korea, I had become quite ill from the water and living conditions in Pusan, flooded as it was with war refugees.

A year later Ewha University returned to its old campus in Seoul and I moved along with it.
I remained ill and worsened to the point where I thought I was to die.

Prof. Young Oon Kim
1950s

During this time I heard a voice that said,
"This is a spiritual crisis".

After a few days, a woman came and told me that
the Lord of the Second Advent had appeared in Korea
and that I should study the new truth that he brought.
I laughed. This was so shocking!

After returning home I visited the house where Reverend Moon was teaching and heard lectures on Divine Principle.

Prof. Young Oon Kim
1950s

On the third day I was completely healed of my lingering illness.

The night before my healing, the inner voice of God had spoken again:

"It was I who led you to Jesus.

It was I who led you to Swedenborg;

it was I who led you here".

Healings in UC-movement

Dr. Joseph Sheftick in a talk to the 120-day training session in the World Mission Center in the spring of 1984.

The first segment deals with the power of the mind to influence our physical bodies and our state of health.

The second segment deals with the foundation of faith, the foundation of substance, and the power of imaging as they relate to the healing process.

1984

Healings in UC-movement

The third and final segment will discuss psychic research in the United States and the Soviet Union, the phenomenon of psychic warfare, the power of symbols, and the importance of Principle as the basis for understanding and solving life's problems.

Indemnity and Healing

Indemnity is an important factor involved in healing –
and we do have to pay indemnity; there is no escaping it!

Indemnity is necessary because original sin, ancestral sin, group or collective sin, or individual sinful actions which have been done against others or the Principle must be restored.

Sin here means unprincipled actions and separation from God.

Healing often involves the restoration of at least one, and possibly all of these levels of sin.

Healings in UC-movement

On the first day of the seminar, in her introductory presentation, Beatriz Steeghs (Gonzales) offers Father's "formula for a life of faith."

Father's formula has three steps.

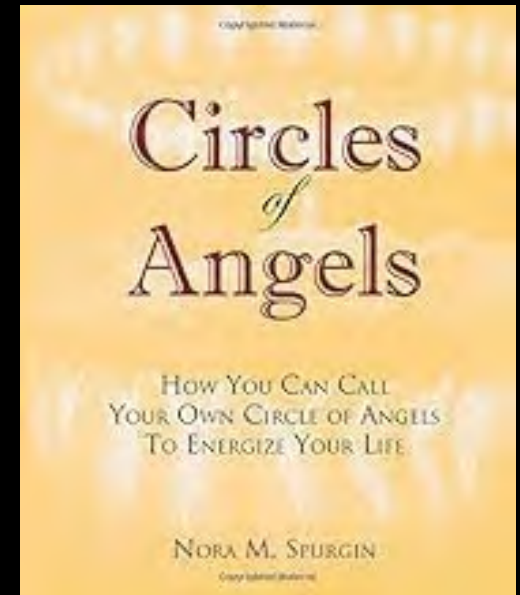

The first step is repentance,
enabling me to separate from Satan.

After successfully repenting I am able then to take
the second step - entering into the realm of God's love.

And, finally, knowing the heart of God, I can begin
living my life for the sake of others. SMM /1995

Healing/Medical Angels Korea

To call a circle of angels, it is wise to find a quiet place where you can meditate or pray. Let your heart be still. Contemplate those areas of your life which need improvement.

Then simply ask God to give you a circle of angels to help carry out your work, improve your life, help you to love and serve others, and to grow in God's grace.

Then **thank God for the gift of an angel band.**
