

Las Vegas Family Church: A Young Adult Ministry Matching Story

Robert Abendroth
May 4, 2019

Last Saturday night, May 4th, 40 Young adults gathered in the Cheon Hwa Gung Sanctuary to hear testimonies about the matching and blessing from their older brothers and sisters.

First, the large group got comfortable with each other with an icebreaker game and snacks. They got right into the content after that.

Takahiro Sakaguchi and his wife ShinAi shared, in detail, the journey of their matching and blessing. They shared about their first meaningful conversation. They shared about the struggles they were faced with and are still faced with. They shared about a car accident that they were in together during their matching process that had a big impact on them. They shared about the struggles with their parents through the process but also how they came to deepen their relationship with their parents through all the struggles. Finally, they shared about their blessing experience. Overall, it was a funny, interesting, and touching story.

After Taka and ShinAi's sharing, brothers and sisters split up for question and answer sessions. Brothers asked questions to Taka and Brian V. and the sisters asked questions to ShinAi and Angie (Brian's wife). Each group spent about 45 minutes in meaningful discussion. They spoke on topics ranging from matching preparation to sex. It was a very worthwhile conversation and a great learning experience for the young adults.
