Last Friday, 13 Las Vegas Tribal Messiahs came together to share testimonies about their recent church visitations for the Unity Festival mobilization.

First, logistics were discussed about which churches should be visited. Some churches were ready for members to sign up for the rally.

Then, members shared inspiring testimonies about the churches they visited. The Child couple, visited one church's bible study and ended up getting asked about the concept of the Only Begotten Daughter. They said it was a challenging experience, but they ended up with an even deeper relationship with the pastor.

Rev. Greene shared about an experience where he had a very real conversation with a minister in which he challenged him to follow his heart.

Kyoko Yamaguchi shared about two meaningful dinners that were held with ministers in the past week.

Some members also got a chance to share the difficulties they are having in visiting churches.

Overall, it was a very enriching experience for everyone at the meeting. The testimony night was concluded with a unison prayer.
