Before the lecture proper they were asked to write one word that that will foreshadow their leadership five years from now or what they may become.

Before the lecture of the Cause of Human Conflict they were asked to write in the metacards what they thought is the root cause of the human conflict.

Spearheaded by Rex Ybanez, CYLN President, the workshop was attended by 13 selected active youth leaders of Caraga Region.

The youth participants were so inspired on topics they heard for the first time. It was a whole day activity in preparation for the upcoming Mindanao Youth Congress on May 6-8, 2011. Somehow they were able to upgrade their knowledge in leadership.

After the workshop, they were organized as new Officers of YFWP-Caraga Region. The newly elected President, Mr. Sanny Priann Justo, is also a young teacher in one of the famous university here in Butuan City.

Participants	: 22 Students
Lecturer	: Percy Apas
Source of Funds	: Rose Cezar & Jhonard Bojo
Total Expenditure	: Php 500

In June 10, 2011 we conducted a half-day UPF Lecture at Las Nieves, Agusan del Norte-Tesda Training Center. Attendees are 22 students of Tesda under teacher Jhonard Bojo, a member of YFWP Caraga.

Teacher Jhonard handled a short term course accredited by Tesda, a 3 months FBS course (Food & Beverage), and since 2010, he promised to educate his students on Divine Principle.

For these young students who were able to attend the lecture, I can really see in their faces the usual reaction of a first time to hear the Divine Principle especially on the topic the Fall of Man. But after a while, they were able to reflect and say: “at least I know now”.

3rd Batch

Date : July 13, 2011
 Venue : Luciana Convention Center, Butuan City
 Participants : 78 participants majority are
 Lecturer : Mrs, Grace Mayo (Min. Exec. Director)
 Source of Funds : Family Members in Japan thru: Mario Lagura
 & Ms. Rose Cezar
 Total Expenditure : Php 17,786.00

This batch was supposed to be attended by all Punong Barangays & religious leaders of Butuan City in connection with the Moral Recovery Program of the government. But the MRP Director, Ptr. Charlie Prior, decided on his own not to mix religious leaders with the Punong Barangays. He wanted to have a separate conference.

So far, the PLC goes so well. It gathers a multi-sectoral audience and majority of them are Punong Barangays and Kagawads. It started with an opening prayer by Rose Cezar using the Universal Prayer translated into visayan.

Our Emcee, Ms. Agnes Carlos was also well-prepared in her role. She's the City Community Affairs Officer where the 86 Punong Barangays are all under her supervision and guidance. She invited her staff to work with our staff during the event and even before the event by way of distributing invitations in 86 barangays of Butuan City.

Since Kuya Joseph was not available at that time, it was Grace Mayo, our Mindanao Executive Director unexpectedly became our main lecturer. Her lecture were in plain language that everyone understood and were able to know more regarding our movement thru the video presentation. The attendees were inspired and some Punong Barangays suggested to hold the same PLC in their barangays.

The Mayor Ferdinand Amante & the MRP Director Ptr, Charlie Prior was invited but not appearing, not even sending any representative on their behalf. The event ends at exactly 11am but the bonding with our close associates continued even outside the venue until lunch time.

4th Batch

- Date : July 16, 2011
- Venue : Brgy. Maug, Butuan City – Brgy. Stage
- Participants : 135 4Ps Parents Beneficiaries
- Lecturers : Percy Apas & Rose Cezar
- Source of Funds : Bobong Loquite & Rose Cezar
- Total Expenditures : Php 1,246.00

The 4th Batch of PLC took also a half-day presentation of God's Original Ideal, Cause of Human Conflict and the Presentation of the 5 Peace Principles as Resolution of Conflict.

The 135 participants were all parents/beneficiaries of the 4Ps program of the government. The venue is an open court where outsiders who just want to listen the lecture, joined the Toast for Peace and avail the snacks provided.

The Barangay Council of Maug and the parents & scholars of YFWP-One Child One Peace joined as staff and served the participants.

The venue was not so good, the heat was hot, but all the attendees were all eager to listen to the presentation. The two of us (Percy & Rose) gave the lecture the way we've been doing.

On the first topic, the faces of the audience were so happy to know God's Original Ideal, but on the presentation of the Cause of Human Conflict, they were silent, seemed shocked knowing the meaning of the fruit eaten by our first human ancestor.

The presentation of the 5 Peace Principle console their hearts, as though they could see an immediate solution for today's problems. I remember when I had a casual chat with Mrs. Elsa Torin, the Daycare Teacher of Barangay Maug, she told me she's the overall Coordinator of 4Ps in Barangay Maug. That's why I introduce our movement and activities. I offered our services by giving education on Family Values. She's happy to hear what I say and invited me to give lecture to the Parents of 4Ps.

The Punong Barangay of Maug Hon. William Macono who just attended the PLC in Butuan City and his Kagawad were the ones who kept charge of the physical arrangement of the venue.

So, nahuman ang event nga busog ang mga parents sa spiritual & physical food kay sobra sobra ang snacks nga giprovide ni Bobong Loquite ug Rose Cezar.

The 4Ps of DSWD, the Barangay Council of Maug, the YFWP-One Child One Peace and the staff of UPF amazingly joined to cooperate for the success of this event. Hope this endeavor will spread nationwide.
