

FFWPU World Mission Headquarters: Letters to True Mother from Goiânia Brazil Church

January 13, 2025.

Dear True Mother,

I sincerely wish you good health and longevity.

Goiânia Church mainly focuses on leading new members to the Blessing. So, we are earnestly seeking help from the spirit world by offering name-calling prayer 1,000 times for all the new members and guests.

Currently, there are four single candidates who have completed the Blessing education and are in the preparation process, and among them, one is currently in communication. The remaining three candidates have submitted all the Blessing documents related in December last year, and are currently waiting for the Blessed Family Department's approval.

Also, as a result of our sincere devotions, miracles are happening in our witnessing activities. Let me share one of many examples.

Djair, a member of the Goiânia Church who works as an Uber driver was able to witness a pastor named Ronaldo. One day, while Djair was driving Pastor Ronaldo in his Uber, the two of them naturally began to talk about their families and various concerns in the car. This led to a connection, and he began witnessing Pastor Ronald by introducing the Divine Principle and the Heavenly Parent's Holy Community. Impressed by the Principle, Pastor Ronaldo visited the church every night and continued his education through watching the lecture videos.

He completed both the 7-day Principle Training and Blessing education and vowed to witness to his family and receive the Holy Blessing from True Parents with his wife. He is currently offering a 40-day condition of name calling prayer for his family 1,000 times and 40-minute prayer everyday.

As a result of this devotion, he was able to witness sister, Paula. She has completed all the Divine Principle lectures and is currently attending the Blessing education lectures. Realizing the value of the Blessing, she has decided to witness her own husband in the future.

A few months ago, a CheonBo event was held in Goiania Church, led by Branch Director Kim Sung-nam, and a miracle took place. Mrs. Paula participated in the CheonBo event with her husband. Touched by the love and grace of Heaven, her husband decided to voluntarily attend the Divine Principle and Blessing education starting next week.

As we work standing on the spiritual foundation of sincere devotion, we experience many miracles. I would like to express my gratitude to True Mother for establishing Cheon Shim Won branches in each region. I will continue to move forward so that when we meet True Mother in person on the day of the Entrance Ceremony of the Cheon Il Sanctum in Cheon Won Gung, we will be able to offer even more results. Aju!
