

STF Team Arrives in Ukraine

Mykhailo Ilin - January 15, 2019

On January 15, we welcomed an STF team of five persons who came to Ukraine for a 21-day witnessing condition.

On January 16 and 17, the young people attended a welcoming workshop. Then they joined the All-Ukrainian Members Meeting on January 18 to 20, after which they started their witnessing activity at the Kiev Witnessing Center.

The STF members also had a chance to present their life stories in front of a group of visiting Korean high school students and at an international and multicultural youth meeting for witnessing center guests.
