

Blessing Festival Held in Ukrainian Capital

Kyiv, Ukraine, Mykhailo Ilin, July 8, 2019

On July 8, members in Ukraine used the occasion of Family Day to hold a Family festival with a Blessing ceremony in Kyiv.

Svetlana Gribkova conducted the ceremony for 18 couples, organizing a beautiful celebration for them with a banquet and dancing. As most of them were elderly, some families came as three generations of couples. Some couples who have stayed together more than 40 years spoke of their experience of sharing all difficulties and joy together.

Introducing True Parents' values to the festival participants, we emphasized the importance of promoting strong, traditional families and expressed gratitude for the example they are providing to the younger generation.
