

## Ukrainian Leaders Meet in Odessa

*Odessa, Ukraine, Mykhailo Ilin, July 13-14, 2019*

Twelve leaders of our movement in Ukraine met in the city of Odessa on July 13 and 14 to analyze the first half of the year and make a plan for the second half. The leaders of seven witnessing centers were joined by Ukrainian headquarters representatives.

The two days of the meeting were spent very intensely. Everyone analyzed himself/herself according to the goals that they set at the beginning of the year. Then they analyzed each city, according to the 2019 strategy, and set plans and strategy for the rest of the year.

On the second day, after Sunday Service, the leaders went out witnessing together for the sake of strengthening their unity. And as Odessa was welcoming new members for a one-year program after a 21-day workshop, some leaders went fundraising with the young members.

At the end of the meeting, everyone was happy to spend time together at the wonderful Black Sea beach.
