Mrs. Tetiana Kotseba, WFWP Ukraine Head of the Board, handed over VIP coins, which were produced in cooperation with the "Edelweiss" Charity Organization.

VIP coins minted at the National Bank of Ukraine were placed in boxes with the WFWP logo for the benefactors who make donations of 150 euros or more.

At the end of May, several VIP coins were handed over to benefactors abroad who have been helping Ukrainian families since the beginning of the war.

During June, people of good will have the opportunity to become owners of such souvenirs by donating to the project.
