WFWP Ukraine organized a charity fair to support projects in Ukraine as a part of the annual German festival in the city of Uterbog.

Together with volunteers WFWP popularized Ukrainian art and souvenir products of WFWP members Maryna Sarkisyan and Ludmila Grabovenko. Volunteers prepared goodies to treat the participants of the event.

The festival gathered creative people in a friendly circle. They were able to present their own products and share a piece of their soul with others. And visitors multiplied the good by purchasing interesting products.
