

The One-Day Divine Principle Workshop

Bucharest, Peace Embassy, Bong Moon Jeong, May 12,19, 2018

The One-day Divine Principle Workshop, May 12

We concluded our first week of 5th 21-Day JeongSung condition period for JeonDo in 2018 with successful 1-Day Divine Principle Workshop. We are so happy to see young people who want to know more about Divine Principle. Our peace center filled up with joyful laughter and happy smiles of people together with STF brothers and sisters. And It created such a positive atmosphere in the center. So each time when people come to our workshop they say they feel a lot of love and positive energy!

In this Divine Principle Workshop, we organized 3 main Divine Principle lectures which are 'Principle of Creation : Section 1,2,3', 'Human Fall : Section1' and 'Introduction to Restoration'. Each lecturer gave Divine Principle lectures in 30 minutes and we made team to discuss centered on questions after wards. Lecturer offer their best to convey the Ward so all the participants could understand well. The discussion times were very interactive. We made team with our members and new participants so they could ask questions in order to understand better. And our members could give practical guidance through discussion time. These Divine Principle lectures were truly life changing experiences because the Truth has such a strong power to revive our spirit and understand about our Heavenly Parent.

After the Divine Principle lectures we had lunch together which were prepared by Active CARP members

and STF member. It was beautiful time to share more about each other so we could feel better connection as brothers and sisters centered on Heavenly Parent. And we continued our program with Team Game Activities prepared by STF brothers and sisters. It created such a harmonious atmosphere in us and we could enjoy this time together. All the new participants wants to come back again to learn more about Divine Principle and to go next stage which is 2-Day Divine Principle.

The One-Day Divine Principle Workshop, May 19

We concluded our 2nd week of 21-Day JeongSung Condition period for JeonDo. We are so happy to receive many young people who want to study Divine Principle. The whole workshop was very joyful and friendly atmosphere. We believe we could create positive atmosphere together with STF brothers and sisters together during the week. All the participants who came to this workshop told us that they could feel love and positive energy in the center.

We organize the Divine Principle Lectures with 'Principle of Creation Section 1, 2, 3' 'Human Fall Section 1' and 'Introduction to Restoration'. Each lectures were in 30 minutes and after each lectures we organize team and did discussion centered on questions. Each lecturer gave clear message from each Divine Principle lessons, and all the participants were very excited to discuss about these lessons. The whole Divine Principle lectures were very interactive and all of us were inspired by the Word of Truth.

After the Divine Principle Lectures we had lunch together prepared by STF sisters and we could enjoy time talk about each other. Program followed to the 'Happy Day' games prepared by STF brothers. It was very interesting games which we need to create team unity. So we could learn a lot of lessons from it too.

So after all we are grateful that we could offer this chance to listen to the Divine Principle lectures for Romanian young people, and also we believe we could offer True Love for them. We could feel such a hope and joy from these young participants so we are sure that Heavenly Parent and True Parents could feel also. All the participants express their desire to study deeply about Divine Principle. So we will do our best to guide them towards Heavenly Parent and True Parents through Divine Principle study and

CARP activities.
