

# Two-Day Divine Principle Workshop Held in Romania

*Bong Moon Jeong - March 30-31, 2019*

Romania CARP organized a two-day Divine Principle workshop in the Bucharest Peace Embassy on March 30 and 31. We invited five young people who expressed interest in learning Divine Principle. All five are preparing to participate in a 15-day Divine Principle workshop in Romania this summer. Together with STF members and Romanian members we made good atmosphere for supporting the workshop.

The workshop started Saturday with a lecture on Introduction to the Divine Principle, followed by three lectures explaining the Principle of Creation and the Human Fall. All the lectures were prepared by the national leader, Reverend Jeong Bong Moon.

In the afternoon we all went to a nearby park for a team-building activity. That evening we had a special discussion about life and understanding Divine Principle.

On the second day of the workshop our guests heard lectures on the Motivation of the Human Fall and Principle of Restoration.

The workshop ended with a presentation about CARP membership. The guests were introduced to our core values and principles and what it means to become a CARP member. We invited the young people to actively join CARP activities.

The guests were grateful to experience our two-day Divine Principle workshop and expressed their hearts in their reflections.

*“After the two-day Divine Principle workshop I can say I am motivated and eager to overcome my limitations. Now I can understand more about life. As long as I am surrounded by the right people, everything will be all right.” (Isabella, 16)*

*“The lectures were very inspiring and made me think more about life and my value. I want to make the world a better place. I’m grateful for the love I received; this inspires me to be a better person.”*

*“The lectures were full of passion, teaching about the right path, the path of God! I know now that the change needs to start from myself. Thank you for everything!” (Elena, 19)*

*“The lesson I got from this workshop is to go on the front line and follow the path of goodness. On this path I should not give in to temptations. I felt I am part of a big family and I can give and receive with my brothers and sisters. Thank you for everything.”*

The guests said they were excited to participate in the Divine Principle workshop and that they will support CARP in future events as staff.

It is with grateful and joyful hearts that we conclude this report with the hope that our beloved Heavenly Parent enjoyed this beautiful workshop together with us.
