

Annual Meeting of Slovakia Chapter of WFWP

Lubica Magnusson
August 26, 2023

Our annual meeting took place on the 26th August 2023 from 10:00 to 19:00. In the morning sessions we presented the report about the WFWP Slovakia activities from 2020 to 2023 June. The second session was dedicated to international activities and projects on the WFWP International and UN level. We also encouraged WFWP members to attend the Annual WFWP Europe conference in Cyprus.

In the afternoon we had a brainstorming session about the future plans and goals of the WFWP Slovakia chapter. We collected ideas and suggestions from all participants and prepared a plan for the second half of the year 2023.

In the second part of the afternoon we had a round table session and played a social game with the goal to get to know each other better. The whole event was met with great appreciation and was held in good spirits, as some of the WFWP members from different cities hadn't met each other in person for a long time.
