Dear New Hope Members, Here's the April wrap on the New Hope Tribal Messiahship activities. Witnessing and teaching of new people.

### **2015 the Year of Tribal Messiah**

Maryland members laid another little block, in the foundation for the growth oriented "New Unification Movement" in the last 4 weeks. Thanks to the many members who contributed, witnessed, taught and organized.

We successfully completed the two Saturday Divine Principle cycle for April. Thanks be to God. People are coming. A variety of folks, a dozen or so are in some stage of "a process". One or two people can safely be said to have "joined". Naturally this is just the beginning. A massive amount of more effort and investment needs to be made. Now planned are two more complete cycles of the entire DP, booked for the remaining quarter, for the 3rd and 4th Saturdays in May and June.

Here are some *April Overview Highlights* and a vision outline for a tentative new program supporting witnessing skills.

#### **A.) LifeMap-II Saturday 4/25 "Fun Facts and Firsts"**

- \*34 people attended*
- \*4 brand new first time guests*

### C.) Planned LifeMap Seminars Washington Times, Sat May 16 & 23, Sats June 20 & 27

Scheduled and sealed. Literature is designed and ready. Time enough in advance to plan, mobilize , pray and witness aggressively. Plans being discussed to explore a more aggressive social media outreach effort. Using more technology to prospect for guests and prepared people.

### D.) Proposed: Finding, Caring for and Raising Spiritual Children Seminar

#### **Biggest challenge: Bring more guests~ A Proposed New Program**

We also are beginning discussion and plans for a whole new enrichment program for members providing ongoing teaching witnessing and mentoring skills. How to bring people. What tribal messiah ship really takes. What's succeeding. Probably once a month, Saturday mornings. It will feature a variety of formats and tools: discussion, group readings and individual coaching etc.

Member to member guidance, counsel and support for the crucial front line witnessing experience. Perhaps a 3 month pilot trial. Would include the best and most successful practices ...Father's advice, venerated elder's guidance, current testimonies of local members, discussion and coaching from currently successful members. And of course an actual chance to hook up with others doing leafleting in the field that day.

*Dr. Jenkins (left) has offered enthusiastic support.*

*A wide variety of folks have participated - including all types of situations.*

### E.) The Divine Principle Study Series -Thursdays at Melford

Every Thursday evening some form of successful DP study is now hosted at Melford, 7-9 pm. Reading, conversation, Q and A.

Gives members a mid-week organized experience for their guests. Contact the Pastors for information or just show up.
