

WITNESSING IN A NEW PARADIGM

Friday 10.3.17 Session 1

Discussing New Ways of Witnessing and Education

True Mother: "We have to witness to all 7.4 billion people on this earth!" As we move towards a new paradigm, how can we develop FFWPU towards the new era? Switching from a church movement to a whole society movement, by adding more aspects like politics, culture, business, environmental protection, education, etc. We are looking for your ideas and contribution!
