Dear Friend, Brother, Sister!

I am very happy to let you know that, after its success in Korea, at last,

THE BOOK IS OUT IN ENGLISH!

There is a way to break through the glass ceiling of man-woman love, to put an end to the war between the sexes, and to establish true, beautiful, and lasting love between husband and wife in marriage. It is called the International Marriage Blessing. In this book, people who have experienced the joys of blessed family life have their say. Forty-six colorful personal stories from Argentina, Belarus, Brazil, Czech Republic, England, France, Germany, Guyana, Iran, Italy, Japan, Korea, Nepal, Nigeria, the United States, and Zambia vividly illustrate life and belief in the Heavenly Parent Holy Community.

The Unification Principle, the essential guide for blessed families, and the words of Rev. Sun Myung Moon and Mrs. Hak Ja Han Moon, the organization's founders, are creatively explained so that people who are not part of the community can easily understand them.

They are presented and illustrated in the book's twelve chapters:

- 1 The masterpiece of love
- 2 Eve's apple and Natassja's snake
- 3 The suffering of God
- 4 Jesus' marriage
- 5 True Parents for humanity
- 6 The power of woman
- 7 Breaking love's glass ceiling
- 8 Marriage made in Heaven
- 9 Absolute sex
- 10 Eternal love
- 11 Blessed family life
- 12 Living for the sake of others

Twelve beautiful full-page illustrations created a team of gifted artists and graphic designers, add power to the written word.

The book is a wonderful way to share the beauty of Rev. and Mrs. Moon's vision for a world of true love and world peace with friends, relatives, and associates. At the same time, it is an inspiring read for people who already have received the Marriage Blessing and have been community members for years. You will enjoy reading this book, as many Korean first- and second-generation community members have before you. Read it, give it to your contacts, and share the good news of its publication on your website, Facebook, or other online platforms. And... please write a review on Amazon about what you think of the book!

The book is available in paperback and ebook (Kindle) versions.
