Happy Day of All Things, June 14th, 201... 1948-2018 is the 70 years period, from which the Korean people will be released from, over the next five years. This time, it may likely become a model of change for the world to witness. What Gorbachev began in the Soviet 70 years parallel of 1986-1991 did not proceed as well as what may now happen.

Spirituality and religious freedom must become the real difference.

The fertile soil of Korea's 5000-year search for Spiritual Mastery in understanding of the Creator may come to play the significant point of difference.

Let us hope and pray that it does; there is reason to believe it might. Just remember the first KIM-MOON meeting was in 1991 and this is a 'flow-on' from that starting point.

2019-2023 is five years after the 70-year period from 1948-2018. In these coming five years we need the end of communism, the end of secular materialism, the rise of good governance, the rise of unity between religion and the sciences, between politics and religion; along with other important matters that bring about building, of the family of God on this earth.

Koreans have been 'mining' this landscape of family, the order of love and relationship, the reality of God for the past 5000 years; they will have a lot to say on the matter.

We are going to witness the end of secular materialism and the rise of understanding the Majesty of Heavenly Parent, even through science.

It will not come from the power of government, but 'we the people' who willingly hold government in our own minds, knowing right from wrong, better than any other outside agency. The true character of a nation will be on the inside and not the outside, alone. Its measurement will be in degrees of happiness; not money.

Unity of North and South Korea is a process, destined to succeed, based on the massive sacrifice of True Parents, True Family, Blessed Central Family's and the past suffering of 70 years; world-wide. Can it all go wrong? Possibly, but less likely, I think. There are a lot of people praying, a lot of tears since WW2.

The good spiritual world is coming to help, starting in 2020.

This following song sets an atmosphere for feeling this. It is dedicated to the good/restored-Ancestors who sacrificed, made the foundations for God's Providence and will in the end, be with us once again; when Heaven and Earth Unite.
