

## OMG! It's OMS, the Online Matching System!

Andrea Mylar  
August 5, 2016

Hello! My name is Andrea Mylar, the daughter of the founder of the Online Matching System (OMS), Anne-Marie Mylar, and in this article it is my aim to discuss one of the greatest features of OMS, becoming a candidate.

In today's world of online dating and social media being catfished is not necessarily uncommon. How are we to know truly the quality of the person on the other end of the screen?

OMS is the one system where certain steps need to be taken first before one can become a candidate.

Therefore, as a candidate when you are able to search and be searched, you know for sure that each person you see has gone through a set of procedures—Level 2

Blessing Education, health verification, Blessing Interview—to prove, for one thing, that they are a real person and most importantly that they have shown some commitment to the Marriage Blessing.

Now, does the research stop here? Is there no more need to look further than the profile? No, that is not the case, however, OMS is equipped with unique features to help you find your heavenly spouse.

On OMS you create a profile that will automatically become two profiles, a limited profile and a full profile. The limited profile

can be searched by candidates, parents, and sponsors, your name, address, phone number, and essentially any information that can be used to identify you is omitted. Only information that explains who you are as a person is what is given. When reading a limited profile, a candidate may be curious, but not necessarily ready to request the full profile of this person. In this case, one can use the other unique feature of OMS, the anonymous messaging system! Through this system, one's identity is still protected, but one can ask questions to a candidate of interest.

All the features of OMS are specifically designed to help candidates effectively search for their heavenly spouse. Therefore, when you are ready to search for a spouse, OMS is the best tool to use!

Ready to receive the Marriage Blessing? Sign up on OMS by clicking here: [www.cheon-il-guk.org](http://www.cheon-il-guk.org).

One last thing before I end this article. OMS is currently trying to raise \$5000 toward enabling the system to list Treasures of Heaven (special needs) candidates. As the founder often says, "Anyone who wishes to seek the Blessing should be able to register on OMS." This project for Treasures of Heaven is part of this vision. If you wish to donate, please follow this link: [www.cheon-il-guk.org/donate.htm](http://www.cheon-il-guk.org/donate.htm).

Sincerely,  
Andrea Mylar
