

Rev. An visiting Linz Community

On 11th July the Linz community welcomes Rev. An for a special lecture. He focused on 5 absolute truths:

1) God exists, 2) God is our parent, 3) God's ideal is the Three great Blessings, 4) True Parents fulfilled that ideal, 5) By following True Parents example of Hyo-jeong, we will realize the ideal as well.

Rev. An used many examples from history to convey how over time, false beliefs have disappeared and the absolute truths have remained. His talk reminded brothers and sisters to prioritize in their minds God's unchanging truths, the things that really matter. The talk was followed by time for individual sharing and exchange with Rev. An. This was an opportunity that many members from Linz community welcomed and made us of.

We are grateful to True Mother for giving us the chance to rekindle our connection with True Parents through this special meeting.
