Let us all prepare for the Holy Day Celebrations this weekend as we remind ourselves of the meaning of this special day...

On May 27, and the weekend before, Unificationists worldwide will celebrate the 63rd Day of All True Things, a holy day established by our True Parents, Rev. Sun Myung Moon and Dr. Hak Ja Han to honour the sanctity of God's creation and our role as its stewards.

This holy day calls us to recognize all of nature - not just as a backdrop to human life, but as a precious, God-given expression of beauty, balance, and love. It is a time to offer gratitude for the material world and reflect on how we can align our lives with Heaven's original ideal of harmony between people and the environment.

"All things of creation are expressions of God's love. They exist for humankind and reflect our responsibility to care for them with a parent's heart."

True Father.

Traditionally, the day is marked by offering ceremonies, prayer, joyful gatherings, and outdoor celebrations that highlight our connection to nature. As we observe this 63rd celebration, let us renew our commitment to live in respectful relationship with the environment and offer all things back to God with sincere hearts. For those holding celebrations, please send photos!

Let all creation rejoice as we walk the path of True Love.
