

## **Summary of 1st Conference on the Divine Parenthood of God**

Anthony and Virginia Scazzero  
February 24, 2018

On Saturday, February 24, 2018, the 1st Conference on the Divine Parenthood of God was held in Bowie, MD. at the Melford Center. The conference was attended by 40 people. The agenda featured the 3 speakers' presentation followed by a 10 minute discussion with everyone breaking into groups of 4 -5 people. Then one person from each group would give a 2 minute overview of their discussion. With this format, everyone could participate and had a chance to weigh in on the topics presented. Snacks and drinks were available throughout the meeting.

At the outset Adruma Victoria shared how his personal testimony how his relationship with Mother God has changed his life.

After that, Rob Brooks shared this apology and prayer.

### **Apology by Men**

I, on behalf of the collective masculine, offer my sincere and deepest heart apology for my abuses and excesses of power and authority and for keeping you, the feminine expression of God, from your true and deserved relationship with Heavenly Mother.

I apologize--

For creating languages and cultures that disable women.

For creating languages and cultures that muzzle the voice of Heavenly Mother through women

For using my male muscle to enslave, control and abuse Heavenly Mother's daughters

For writing scripture that has justified man's control and has confused and misled women

For devaluing women by insisting that a man's core is more important and more special than a woman's core

For creating a culture in which women have to imitate men and deny their innate femininity in order to survive and succeed

For the movement, that I have a part in and have been complicit in, that has done these things

For blaming Eve for the Fall and then using that to justify mistreatment and dominance of women.

To that end, I will give comfort and support to women in their healing.

### **Prayer to Our Mother**

Our Mother, who is ever present, Holy is your name

Blessed are those who know you.

We are grateful for your love and precious are our experiences with you,

Your wisdom abounds and you are a wellspring of devotion.

May your myriad feminine ways be woven into our lives.

Give us this day the capacity to love. Enlighten our character and enrich our relationships.

Forgive us our shortcomings. Help us to forgive others.

And furthermore, help us to forgive ourselves.

Let us be aware of and work with our limitations,

Review with you our past, and plan with you our future.

Connect in heart, let us celebrate our accomplishments with you.

Grant us our right to create and support harmony,

To replenish the Earth with virtue and vitality.

Lead us into understanding through sharing, reflection, and patience.

Bestow us with confidence, to become a beacon and a conduit of your own divine feminine love.  
For you are the light, love, and warmth. Now and forever. Amen, Aju
