

## Doctors Circle Survey

How important do you think these prospective purposes of the Doctors Circle are:

- Encouraging communication and networking among members and associates.
- Establishing an informal **mentoring program** for prospective and current doctoral students.
  - Mentoring doctors-to-be, particularly in fields related to the UTS heritage.
  - Adopt-a-student (doctoral students), including various kinds of support.
- Celebrating personal accomplishments and milestones.
- Connecting with other organizations and scholars who share mutual interests and objectives.
- Furthering professional and personal development.
- Maintaining, updating and managing a Doctors Circle database.
- Encouraging exploration of “Divine Principle” in diverse ways.
- Being Inclusive of UTS alumni and friends who have doctorates, whatever their religious perspectives.
