

FFWPU Surin, Thailand Center Opened for Witnessing, Education and Worship

Kamol Thananopavarn
October 10, 2024

On October 10, 2024, we held the inauguration ceremony for the FFWPU Center in Surin. This achievement was made possible with the support of Mr. Seung Jo Suk and Rev. Sim Ji Soon, who prepared the property to serve as a permanent home for the FFWPU Surin Center. Our goal for this center is to become a place for witnessing, education, worship, and training in the life of faith for guests and new members. We aspire to make it a place of rebirth and revival.

The Seung family, from Reno, Nevada, USA, who are part of the 1800 couples' blessing, have been working as Heavenly Tribal Messiahs in Surin since the end of 2018. They continue to invest in their spiritual children with a parental heart, aiming to build a foundation of 43 families.

During the inauguration ceremony, President Masaichi Hori, the Regional President of Asia Pacific, delivered a benediction prayer and an inaugural speech. Among the participants were representatives from the government, military, police departments, universities, schools, and business and community leaders. President Hori and Rev. Kamol, the National President of Thailand, appointed Rev. Warakorn Sam-amg as the Church Pastor of the Surin church and Rev. and Mrs. Seung as the CheonBo Family Church Leaders.

With the foundation of more than 15,000 families receiving the blessing of marriage through the Heavenly Tribal Messiah providence, along with the spiritual children of the Seung family, VIPs from educational institutions, and youth from YSP in Surin province, FFWPU Surin is determined to make this center a successful CheonBo Family Church and become a truly successful church in the near future.
