The inaugural 3-Day Cheon Shim Resonance Prayer Workshop was successfully held at the HJ CheonBo Training Center, Asia Pacific Branch, in Pak Chong District, Thailand. Participants had the opportunity to engage in Resonance Prayer (Kong Myeong Gido), Calling Out Name Prayer (Ho Myeong Gido), Unison Prayer (Hab Shim Gido), and Prayer in Nature (Ja Yeon Gido).

Dr. Kim In Cheon, Chairman of the Cheon Shim Won Asia Pacific Branch, delivered two insightful lectures on "The Power of Cheon Shim Resonance Prayer" and "I Will Move Forward with Cheon Shim Won Prayer." Rev. Kamol Thananopavarn, the National Leader of Thailand, also shared a powerful message on "We Are Chosen Blessed Families Attending Holy Mother Han," emphasizing the privilege of living in attendance to Holy Mother Han, who guides us to unite with Heavenly Parent and True Father.

During the main address at Saturday's Cheon Shim Won night prayer, Dr. Kim passionately urged all blessed families and members to actively participate in Cheon Shim Won at their local churches. This engagement is essential for entering a new era led by Holy Mother Han and the victorious entrance of Cheon Won Gung.

The blessed children's choirs in Thailand performed Cheon Shim Won songs during several sessions of the workshop. Their beautiful performances captured the spirit of Cheon Shim Won and resonated deeply within the Pak Chong Training Center.

The lectures, choir performances, and prayer training sessions allowed participants to distinctly feel the spirit, grace, and love of Holy Mother Han and True Parents. Many attendees shared transformative experiences, receiving answers and affirmations through prayer practices, cleansing themselves of heavy and negative spirits, and experiencing the calming presence and love of Heavenly Parents in nature and through Cheon Shim Won.

It became evident that this workshop has fostered growth within the Bangkok church community, encouraging blessed families and members to take ownership of their spiritual journeys through prayer and Cheon Shim Won. As a result, attendance at Cheon Shim Won Night Prayer at Bangkok HQ churches has increased significantly compared to previous gatherings.
