

# PRESENTATION OF TRUE FATHER'S AUTOBIOGRAPHY

Bulgaria, Sofia, 1<sup>st</sup> of December 2012

After one year preparation we are very proud that we could publish True Father's Autobiography, "As a Peace-Loving Global Citizen" in our country. With the help of Sofia community we organized a very successful event for the promotion of the book. We invited Ambassadors for Peace, our friends, relatives, new and old contacts.

The hall for 80 places was filled up and the atmosphere was uplifting. Our MC, Angel Stefanov explained about the history of the book, after we showed a movie about True Father's life. Two of our core Ambassadors for Peace, Dr. Konstantin Zlatev, a theologian, who wrote the foreword to the book and Mr. Emil Cohen, member of Helsinki committee for Bulgaria, presented a very inspired view about the Autobiography, emphasizing True Father's altruistic way of life and his contribution to the world peace.

We had guests from abroad, Mrs. Svetlana Peneva, National Leader for Macedonia. She recommended strongly to the participants to read the Autobiography and to practice the way of life True Father showed us during His whole life. She gave her contribution to the book by preparing its prepress.

The main address was given by Mr. Robert Williamson, Regional leader for the Balkan region. He spoke directly and encouraged our Ambassadors for Peace - like True Mother did in her address in Korea to the Ambassadors of Peace at the 7<sup>th</sup> Anniversary of the UPF 24<sup>th</sup> of November – to fulfill their responsibility as Ambassadors for Peace and start to work and act accordingly in Bulgaria.

We would like to express our deep gratitude to Mr. Radomir Stanchev, former National Leader for Bulgaria, for the sacrifice and the financial support he and his family offered for the translation and the printing of the book. Thanks to Kirst family from the USA, in the position of Cain National Messiah to Bulgaria, who sponsored the book launch event in Bulgaria.
