You don't have to struggle in silence.

There is hope, even when your brain tells you there isn't.

You are not alone.
You are seen.
I'm with you.

Your feelings are valid!

"Sometimes the people around you won't understand your journey. They don't need to, it's not for them."

You are more precious to this world than you'll ever know

"It is during our darkest moments that we must focus to see the light."
