Beloved Brothers and Sisters of the Holy Community, Holy Mother Han, True Mother, the Only Begotten Daughter of God, has declared that we are living in a Golden Era. With the Entrance into the Cheon Won Gung Cheonil Sanctum, the gates of Heaven are wide open, and abundant blessings await us.

On April 13, True Mother proclaimed:

"This world will now gradually be set in order under Your dominion, and a world of one family of humankind attending the Heavenly Parent with true love will surely unfold. In the name of Holy Mother Han, I proclaim to the world that the gates of heaven, the gates of God's kingdom of Cheon Il Guk, are now wide open."

True Parents have done everything in their power to open these gates; now, it is up to us to harvest the blessings that Heaven has bestowed upon us.

We seek the assistance of the spiritual world, centered on True Father - including Hyo Jin nim, Heung Jin nim, and Dae Mo Nim. To do so, we must purify ourselves and attune our spirits through Cheonshim Won, cleansing the impurities accumulated on our journey through life in this fallen society. We must become like pure water so that the highest levels of the spiritual world may work through us.

Now is the time to unite fully with Holy Mother Han, as she reminds us that we are living in a Golden Era, when Heaven stands ready to support incredible miracles. But these miracles can only occur while True Mother is on earth - our time is limited, and we must act quickly.

We must create unity between Cheonshim Won and Cheon Mu Won. Heaven calls us to balance Spirit and Truth in our lives - we must be active in prayer and also in our work for God. We must become one with Cheon Mu Won that urges us to bring substantial results:

- If things need to change, we must make those changes.
- If the old ways are not working, we must find new ways.

In the Middle East, where diverse religions and ethnic groups coexist, many believed that our movement could never bring new members or gain acceptance. Yet, Lebanon became our focus, and we have sought out righteous souls.

Through outreach on the streets, in high schools, universities, and NGOs, alongside the efforts of inspired second-generation members through the MEYE (Middle East Youth Envoys) Program and Europe's Empower Program, we welcomed eight new members in one year - a miracle that marked a new turning point in witnessing after two decades without growth. This shocked many, but through unity and love, we created a welcoming environment that made it possible.

People in Lebanon are searching for hope, and we are devoted to educating them, guiding them, and giving them the light they need. Thank you, True Mother, for never giving up on us and inspiring us to believe in miracles.

At this moment, True Mother is calling upon us to build a vibrant Holy Community that will support Missionaries Moon Shin-chul and Moon Shin-heung. It is our responsibility as blessed families to embrace the world and create a platform so that future generations - the pure water - inspired by True Mother, Holy Mother Han, can build God's kingdom and transform this world.

The world will return to Heavenly Parent if we fulfill our mission and find the lost children who await us.

As True Mother said in May last year, in Germany: *"When I come again, I want to see many more of my children."*

Let us bring joy to True Mother by gathering those children - and many, many more.
