March 8, 2025

On International Women's Day, on March 8th, 2025, AFAES organization, Africans and African European Association, with the leadership of Fatima Usman arranged a powerful gathering and multicultural event for women of faith under title Women of Faith and Leadership celebrating the International Women's Day.

Women from diverse backgrounds came together at AFAES Office for networking, being empowered by purpose, unity and prayers during the event. Prayers and music were intertwined with meeting each other and dancing around. What a spirit of faith and unity came out. Women Federation singers presented two songs.

Päivi Yoshizumi from WFWP was one of the invited speakers. She spoke on the topic My Prayer and the

World explaining how the year 2025 is very special, and for WFWP as the founder Mother Moon, Holy Mother Han will preside an opening of Sanctum in Korea, where God can substantially reside as explained by Holy Mother Han. There is hope in the world when women join together working for world peace.

Other speakers explained the power of prayer from biblical foundation. Also confirming how powerful prayer can be if one has faith and conviction. Indeed, the event highlighted the strength of women of faith, the transformative power of prayers, the prayer of a woman and its impact in the world and the importance of civic engagement in shaping our communities, supporting the national leaders by prayers and encouraging women to take part in municipal elections coming up in Finland.

This International Women's Day event was more than a celebration - it was a call to action, a moment of renewal, and a powerful testament to the strength and influence of women of faith. May the inspiration from this gathering continue to ignite change in homes, churches, and communities across Finland and beyond. Report by Päivi Yoshizumi and Josephine Atanga from Women designed for Successry Association.
