

New Hope Family Church New Year's Day Greeting

Jim Boothby
January 1, 2019

Dear Families,

Happy New Year 2019. Last night we gathered to welcome the New Year, pray and hear True Mother's midnight prayer and message. It was empowering to hear True Mother's prayer and heartfelt message. New Hope members gathered in the Founder's Room with the DC church at the Washington Times. We held a small joint midnight service there as the ECG church, our faithful renters at Melford, were using our Bowie Facility. We welcomed the new year with pledge service and re-listened to True Mother's prayer and short New Year's talk.

We then had rousing unison prayer. True Mother's prayer and message was certainly very sober and very serious about successfully fulfilling historical responsibilities.

True Mother gave the new motto for 2019: "The firm establishment of the era of the Heavenly Unified Korea". It was very nice to welcome the new year in the presence of God, True Parents and our church community. As our beloved True Mother encouraged, let us this year, do our very best to fulfill our responsibilities as the proud children of our Heavenly Parent.

Sincerely
Pastor Jim
