Dearest Brothers and Sisters,

How are you?

It has been just over two weeks since you last heard from us and I am sure some of you if not all have been wondering how things have been going with Sister Barbara and with all of the combined efforts made on her behalf. Well please sit back with a nice cup of tea and allow us to hopefully inspire you with this update.

After the event, a report was sent to True Mother and she, just like all of us was deeply moved, whereby she expressed her heart and appreciation to our elder sister Barbara in the form of a gift and card to her. Barbara was so happy and she radiated a heart of gratitude as she expressed her thanks to True Mother. For those of you mostly outside of Europe, who have not yet seen the presentation of gifts, please find some photos and a video below in the attachments.

Now, to the burning question that some of you might be waiting to hear the answer to and that is

concerning how much was offered? I can gratefully tell you that with your heartfelt contributions we reached € 11.000, Thank you so much for helping to carry our elder pioneer this much further. Together with Franklin, her church leader, we will be working to sort out the ancestral records and so forth. Barbara keeps asking us to express her heart of gratitude and appreciation to all of you her brothers and sisters.

There is a small request and that is if you have any questions, comments or suggestions about the donations or progress of her ancestral liberations, autobiography and so, could you please direct them to Lorna, myself or Bryan. Sister Barbara is fully updated now and she knows that on her behalf we will be sorting these things out for her with the mind and heart to save her the hassle and headache of the whole process. Thank you for your understanding of this.

Lastly, I want to say thanks to the brothers and sisters in the nations of the USA, The Netherlands and Switzerland who made special contributions, but I had forgotten to mention that in the last video report.

A huge thank you to all of you once again and many greetings to you and your family.

Donna on behalf of Lorna and Bryan
