

# Happy Family Festival

Laloveni, Moldova, Mihai Calestru, October 27, 2018

The most recent Happy Family Festival in Moldova was held on October 27, 2018. As before, we wanted to bring joy to True Parents through this festival.

As our strategy was to hold mobile festivals by joining traditional city/village celebrations, on October 27 we visited the first place, Laloveni, which is a small town near Chisinau.

As a result, we met wonderful, open couples, as well as a few quite embarrassed people. This made our experience in Laloveni different from Chisinau. Among them 11 couples passed all three steps of the Blessing.

One conclusion was that in talking to people who feel embarrassed to do in public all three steps, we should be flexible and encourage them to pass at least one step.

Our team worked well in supporting each other. Two families came to help us and to teach us how to talk to people at the mobile festival. And my husband and I managed to both be there and work together, as Alexey Saveliev, the regional director of Heavenly Tribal Messiah activities, had suggested.

In conclusion, I want to say that our team members experienced personally that every time we have gone out for a mobile festival, afterward we feel reborn and very inspired.
